Mr Task of Churchill, Mr Anger of Story, and
The following were absent:

Mr Bulcock of Washoe, Mr Gray of Esmer-
aldo, Mr Regan of Story, Mr Gore of Washoe,
Mr Phillips of Story, Mr Dean of Douglas.

On motion of Mr W. L. Gaudin Mr Fisher
was chosen Chairman Pro tem.

On motion of Mr Dixon, M. E. Allen was
nominated Clerk.

Mr J. Brumfield nominated Mr M. Gregory.
On the 1st ballot M. E. Allen was de-
clared Clerk.

M. E. Gregory was unanimously elected
Assistant Clerk.

Mr Moore and Mr Cussen were nominated
for Sergeant at Arms. Carson received 13 votes
Mr Moore 7. Mr Carson was declared elected.

George Richards and Neil Stewart Jr were
nominated for Page.

The first ballot Richards received 10 votes
and Stewart 10. No choice.

The second ballot Stewart received
13 votes and Richards 7. Stewart was declared
elected Page.

Mr W. E. Decker was chosen fireman.
On motion of Mr Clagett, a Committee of three were
appointed to the Chair on Credentials.

The Chair appointed Mr Clagett of Hum-
boldt, Mr Brumfield of Crosby, and Mr
Barclay of Story as said Committee.

Mr Gillispie moved to adjourn one hour.
Carried.

At 12 o'clock 45^m took a recess of one hour.
Pursuant to adjournment the House was called
to order at 1045 P.M.

On the roll being called the following mem-
bers were present: Mr Barclay, Mr Brumfield,
Mr Calder, Mr Clagett, Mr Curley, Mr Dean, Mr
Mr Dixon, Mr Elliott, Mr Fisher, Mr Gillispie,
Mr Gray, Mr Heaton, Mr Hesse, Mr Hunter Mr-

Jones, Mr McDonald, Mr Nelson, Mr Phillipps, Mr Regua, Mr Simmons, Mr Stewart, Mr Tarrant, Mr Trask, Mr Ungar, present 23.

The first business in order was the report of the Committee on Credentials.

Your Committee on Credentials, beg leave to report, then. We have examined the evidences of election, of Gentlemen from the several Counties, and find the following persons, entitled to seats upon the floor of this house.

Douglas County, Robert Fisher and James Dean. Esmeralda County, J. W. Calder, Jacob Hess and A. H. Gray. Humboldt County, W. H. Clagett, and A. H. Simmons. Lander County, C. C. Dixon and T. J. Tarrant, Lyon and Churchill Counties, John McDonald, W. B. Trask, and B. Currier. Ormsby County, Wellington Stewart, W. H. Brumfield, and S. B. Jones. Storey County, Warren Keaton, Mrs W. Gillispie, A. H. Ungar, A. B. Elliott, Thomas Barclay, C. C. Phillipps, L. S. Regua, and John Nelson. Washoe County, D. E. Hunter, C. Babcock, and Hiram Gove.

All of which is respectfully submitted.

W. H. Clagett.

W. H. Brumfield.

Thomas Barclay.

Moved by Mr McDonald that the report be accepted, and the Committee discharged—carried.

Mr Dixon the report be adopted—carried.

Mr Dixon moved—that Judge Wright administer the oath of office—carried.

Mr Hunter moved the oath be administered to all at the same time—carried.

Judge Wright administered the oath.

Mr McDonald moved to proceed to permanent organization—carried.

Mr Hunter moved to vote by ballot—carried.

The Chair announced the election of Speaker next in order.

Mr Gillispie moved, That two Tellers be appointed by the Chair.—carried.

The Chair appointed Mr McDonald, of Lyon and Mr Tarrant of Lander Counties.

Mr Dixon nominated Mr Gillispie for Speaker.

Mr Elliott nominated Warren Heaton.

Mr. Brunfield nominated Mr Simmons.
Mr Gillispie moved - that the ballots be deposited
as the roll was called. - Carried.

On the first ballot - The number of votes cast
was 23. Necessary to a choice 12. Mr Gillispie received
8 votes Mr Heaton 7 Mr Simmons 7, and Mr
McDonald 1.

The Chair announced no choice for Speaker.

Mr McDonald withdrew his name.

Second Ballot. Whole number of votes cast 23,
necessary to a choice 12. Mr Gillispie received 7 Mr
Heaton 5, Mr Simmons 10, and Mr Carter 1 vote.

The Chair announced no choice.

Mr Simmons moved - The calling of the roll
to be dispensed with. - Carried.

Mr Carter announced he was not a candidate
for Speaker.

Third Ballot. - Whole number of votes cast
23, necessary to a choice 12, Mr Gillispie received 7 votes
Mr Heaton 5, Mr Simmons 10, and Mr Stewart 1 vote.

The Chair announced no choice for Speaker.

Mr Stewart announced he was not a candi-
date for Speaker.

Fourth Ballot, Whole number of votes cast
23. Necessary to a choice 12. Mr Gillispie received 6
Mr Heaton 7. Mr Simmons 9, and Mr Dixon one.

The Chair announced no choice for Speaker.

Mr Dixon announced he was not a candidate

Fifth Ballot. Number of votes cast 23. Necessary
to a choice 12. Mr Gillispie received 5. Mr Heaton 10.
Mr Simmons 7, and Mr Blaggett one.

No choice for Speaker.

Mr Blaggett announced he was not a candidate.

Sixth Ballot. Number of votes cast 23. Necessary
to a choice 12. Mr Gillispie received 5. Mr Heaton
10. Mr Simmons 7, and Mr Calder one.

The Chair announced no choice for Speaker.

Mr Blaggett moved to adjourn till 10 O'clock tomorrow.

Mr McDonald moved to take a recess of
one hour.

Mr Calder moved an amendment of one half hour.

Carried.

At 2:40 P.M. House took a recess of half an hour.

At 3:10 P.M. - House called to order. The following members were present.

Mr Barclay, Mr Brumfield, Mr Calder, Mr Clegg
etc. Mr Currier, Mr Deane, Mr Dixon, Mr Elliott, Mr
Fisher, Mr Gillespie, Mr Gore, Mr Hecaton, Mr Hoss,
Mr Hunter, Mr Jones, Mr McCombs, Mr Milson, Mr
Phillips, Mr Simmons, Mr Stewart, Mr Thompson, Mr
Trask, and Mr Ungar. 23

First in order was the Seventh Ballot for Speaker.
Whole number of votes cast 23. Necessary to a choice 12.
Mr Gillespie received 4, Mr Hecaton 8, Mr Simmons 10.
and Captain J. Hoss one.

The Chair announced no choice for Speaker.

Eighth Ballot. Number of votes cast 23. Nec-
essary to a choice 12. Mr Gillespie received 2, Mr Hecaton
8, Mr Simmons 11, Mr Gore 1, Mr Brumfield one. No
choice.

Mr Brumfield announced he was not a
candidate.

Ninth Ballot. - Number of votes cast 23. Nec-
essary to a choice 12. Of which Gillespie received 2,
Mr Hecaton 7, Mr Simmons 13, Mr Barclay one.

The Chair announced Mr Simmons elected
Speaker of the House.

Mr Gillespie moved the election of Mr. Sim-
mons be declared unanimous. - Carried.

Mr Gillespie moved the Chair appoint a com-
mittee of three to conduct the Speaker to the Chair. Car-
ried.

The Chair appointed Mr Gillespie and Mr
Hecaton, a Committee.

The Speaker announced the next business
in order was the election of Clerk.

Mr Gillespie nominated Mr. E. Allen.

Mr Stewart nominated Mr. Gregory.

Mr Ungar moved the nominations be declared
carried. Whole number of votes cast 23. Of which Mr
Allen received 12, Mr Gregory 11.

Mr Gillespie moved the election of Mr. Allen
be declared unanimous. - Carried.

Mr Hunter nominated C. Mc. Gregory Assistant Clerk.

Mr Clagett moved to vote by acclamation. - Carried.

Mr Gregory was unanimously elected.

The Speaker announced the next business in order, was the election of Clergy at Adams.

Mr Fisher nominated, A. S. Vandobbe.

Mr Dixon nominated, H. M. Stowe.

Mr Birmingham nominated, Wm. Carson.

Mr Ames nominated, John Harrington.

Mr Barclay nominated Mr E. C. Murphy.

Mr Murphy declined.

Mr Currier moved the nominations be closed. - Carried.

First Ballot. - Whole number of votes cast 23. Necessary to a choice 12. Of which Vanbott received 3, Stowe 10, Mr Carson 7, Mr Harrington 3. No choice.

Second Ballot. Whole number of votes cast 23. Of which Vanbott received 3, Mr Stowe 9, Mr Carson 9, and Harrington 2. No choice.

Third Ballot. - Whole number of votes 23. Necessary to a choice 12. Of which Vanbott received 3, Stowe 9, Carson 12.

The Speaker announced Carson duly elected.

The Speaker announced the next business in order, was the election of Messenger.

Mr McDonald placed in nomination Mr Chas. Carter.

Mr Clagett nominated Louis Van Doren.

There being no other nominations proceeded to take the first ballot. Whole number of votes cast 23. Necessary to a choice 12. Of which Charles Carter received 18, Louis Van Doren 5.

The Speaker announced Charles Carter duly elected.

The next business in order was the election of Foreman. Mr Gillespie nominated W. B. Sheen.

There being no other nominations, Mr McDonald moved to vote by acclamation. - Carried.

Mr Sheen was unanimously elected.

The next business in order, was the election of Pages.

Mr Fisher nominated, Henry Bacon.

Mr Burns nominated, Aaron Compton.

Mr Clagett nominated, Will Stewart.

Mr Gillespie nominated, George Richards.

There being no other nominations, proceeded to take the first ballot. Whole number of votes cast 23. Necessary to a choice 12.

Of which Henry Bacon received 5; Aaron Compton 1, Will Stewart Jr 9, Geo Richards 8. No choice.
Second Ballot for Page. - Whole number of votes cast 23. Necessary to a choice 12.

Of which Henry Bacon received 4, Will Stewart 8, George Richards 11. No choice.

Third Ballot. - Whole number of votes 23. necessary to a choice 12.

Of which Henry Bacon received 1, Will Stewart 8, George Richards 14. George Richards was declared duly elected.

Mr Brumfield moved to proceed to the election of Enrolling Clerk.

Mr Clagett moved an amendment. That the Enrolling Clerk be allowed only the stipend for the time actually in service. Mr Brumfield accepted the amendment.

Mr Gillespie offered the following substitute. Resolved that the Chief Clerk of the House, so and he is hereby empowered to appoint an Enrolling Clerk when he shall deem such necessary. Lost.

The vote being taken on the motion as amended, the motion prevailed.

The nomination of Enrolling Clerk next in order. - Mr Hoatson nominated Mr A. G. Powell.

There being no other nominations, Mr Fisher moved Mr Powell be elected by acclamation. Motion prevailed and Powell was unanimously elected.

Mr McDonald moved to adjourn. Lost.

Mr Gillespie offered the following resolution. Resolved that a Committee of three be appointed to report rules for the Government of the House.

Mr Phillips moved the Resolution be adopted. Carried.

The Speaker appointed Mr Gillespie & Mr

Claggett and Mr Brownfield on said Committee.

Mr Gillespie moved that the officers be now sworn in. - Carried. Judge Wright was called upon and administered the oath.

Mr Fisher moved the Clerk inform the Council of the permanent organization of the House.

Mr Gillespie moved an Amendment to include the Governor also. Amendment accepted and motion prevailed.

Mr Calder offered the following Resolution Resolved that a Committee of three be appointed to act conjointly, with a like Committee from the Council, and report a set of Joint Rules for the government of both Houses in the transaction of Legislative business. Adopted.

The Speaker.

Appointed Mr Caulden Mr Stewart and Mr Barclay on said Committee.

Mr Gillespie moved the rules of the last House be adopted, until otherwise ordered. - Carried.

Mr McDonald moved to adjourn until 10 O'clock tomorrow. - Carried.

Second day Proceedings.

Wednesday Jan 13th. 1864
10 O'clock A.M. ?

Upon the roll being called the following were present. - and the following were absent.

Present Barclay Mr Brownfield, Mr Calder Mr Claggett, Mr Currier, Mr Dean, Mr Elliott, Mr Fisher, Mr Gillespie, Mr Gore, Mr Keaton, Mr Kess, Mr Hunter, Mr McDonald, Mr Nelson, Mr Phillipps, Mr Regan, Mr Simmons, Mr Stewart Mr Tignor, Mr Track, and Mr Ungar. 22.

Absent, Mr Babcock, Mr Dixon, Mr Gray, Mr Jones. 4. Minutes read.

Mr Gillespie moved to strike out the word further before the word ordered, and substitute the word otherwise, so as to read "until otherwise ordered."

Mr Claggett. To place upon the minutes

the name Elliott instead of Blaggett, who nominated Louis Van Doren for Messenger.

Minutes corrected and approved.

The Speaker announced a Message from the Council. Message Read.

Territory of Nevada.
Council Chamber

January 13. 1864.

The Council have adopted the following Resolutions.

Resolved that a Committee of two be appointed from the Council, and three from the House, to be directed to inform His Excellency the Governor, that the Legislative Assembly is now fully organized, and is ready to receive any communications he may desire to make.

Respectfully,

The President announced a quorum being present, the House ready for business.

His Excellency the Governor was then introduced, who delivered the following Message.

Governor's Message.

Gentlemen of the Council
and House of Representatives

The assembling of your honorable bodies under the provisions of the law fixing the day for your annual meeting, gives unmistakable evidence that another year with its history is added to the Territory and Nation. I congratulate you that the condition of both Territory and Nation have improved within that time. The unparalleled progress of our Territory is attracting the attention of the whole country, as well as that of foreign nations. Capital which is ever vigilant, watchful and careful, has fixed its attention upon our domain, as the place for the safest and most profitable investments. Thrift always follows in the wake of active capital.

— Within the last year, large amounts have been invested in our Mines, and Quarry Mills, from the Eastern States of our Continent, where only small interest is realized for the use and forbearance of money; and when the profits which are sure to be realized from such investments, are known among capitalists in the great cities of the Atlantic States, the investments already made will bear the scattering to the plentiful shower.

We can felicitate ourselves that the fields

of operations within our borders, is as extensive and broad as the aggregate surplus of capital in the Old States could desire.

The almost daily discoveries of new mining districts, rivaling in richness the celebrated localities of Virginia and Gold Hill, give ample proof that the mineral resources of this Territory are, even at this day, comparatively unknown. Three years ago Virginia and Gold Hill were thought by many to possess the only really valuable and enduring mines of the Territory;

and the Comstock lode on Socorro to contain the only silver-bearing quartz in this country. The short time intervening has demonstrated that almost countless ledges are found in the various localities of our Territory, that promise as ample a yield of the precious ores as has hitherto been realized from the famous Comstock.

The mining districts have multiplied to such an extent that they preclude the possibility of enumeration while the claims located in each district are so numerous as to make it an almost hopeless task to attempt to arrive at their number with any degree of certainty. New districts are constantly being created, and their numerous claims have ceased to attract attention.

Look in whatever direction we may, we behold the "Prospector" upon the mountain side making his location; next we see the tunnel and the incline, then the mill, and the rich product of silver and gold. Turn your eye in every direction from the Capitol and its vista upon mining regions fabulously rich.

If you look to the Northeast, you first see Spring Valley with its rich indications, promising an early realization of the hopes and expectations of its discoverers. Pass along to the Silver City District, looking, as you go, at the American Flag District and soon you find yourself at Gold Hill (a most appropriate name) where, for the distance of miles, the noise and clatter of the mills and mines greet your ear. You then reach Virginia District where there seems to have been an extraordinary effort made to concentrate the richness of mineral wealth - and the effort proved perfectly successful.

Crossing at that point a deep - Canon or Ravine you reach Cedar Hill in which, if indications are not defective the labor already, and that hereafter to be expended, will be richly rewarded.

Following down the Cañon you pass through the Flowery District, rich in promise and as you are descending through that Mountain pass, turn your eye to the Southwest, toward the flourishing town of Dayton, and you will see the Palmyra District, with its rapid developments, attractive for its richness in mineral, and the facilities for its reduction found in abundance in the surrounding country. Look east from where you reach the plain or desert, and you will see the Desert District, just beginning to attract attention. Marvelously rich in promise and in fact. Continue eastward, and you will soon see the Imperial Silver Hill range of mountains, filled with hidden treasure, waiting only development to astonish the world with its wealth. In each range of

mountains east, until you reach Reese River, is found fine mineral indications.

There, again, we behold such deposits of mineral wealth - as was more before witnessed. Less than a year ago, there was not a house or a cabin, where now the flourishing towns of Austin and Clifton are seen as well as Big Creek and the surrounding towns and settlements, and a population second only to the justly famed County of Storey.

In the same range of mountains extending for more than an hundred and fifty miles north and south, there have been found lodes more promising than those first discovered which produced such an unparalleled growth to the towns of Austin and Clifton.

I entertain no doubt that the further south that mountain is prospected, the richer it will be found, until it loses itself in the vast desert as you go toward the Colorado.

Still further east, you pass in sight of the Smoky Valley District valuable for its rich promise; journeying still further on over mountain and plain you reach Ruby Valley, whose mountains give good promise of possessing wealth second to none now developed. Eastward still to the next range of mountains and in Bryan's Canon rich specimens of gold and silver bearing quartz are found, warranting the still further exploration of this promising and interesting district. We have now reached the vicinity of our Eastern Boundary, and must retrace our steps to Austin, and look north-west, and at the distance of about one hundred miles, we see the Humboldt

bold range of mountains whose internal wealth is beyond calculation.

The developments already made in and upon those mountains warrant the conclusion that they are to be made in and upon those mountains warrant the conclusion that they are to be ranked among the richest of our mineral producing regions. Its extent North and South is about one hundred and twenty miles, and East and West about the same distance, covering an area of about four hundred and eighty square miles. Included within this area is to be found exhaustible beds of salt and nitre, necessary in the reduction of ores, and really providential in that location. There seems to be but two drawbacks to the prosperity of that region. Wood and water.

The latter is being overcome by the construction of a canal from the Humboldt river, to or in the vicinity of Plumb City, in length about sixty six miles, and in capacity sufficient to supply that region with all that will be necessary for reducing purposes.

The deficiency of timber and lumber, will be greatly remedied by a supply from the Truckee river, which they soon hope to obtain. Coming back to this point

and traveling North you again strike a rich mineral district, on the Truckee river and as far as prospected, gives encouragement to those who are thus engaged to continue their labors. This section, if found to be rich in mineral, will possess many advantages over others. In water, wood, and timber, all of which can be obtained in abundance at small cost. Returning again, and go South, or east of Rough, you

strike the Walker River District, rich in its indications and yield, with plenty of good and water convenient for reducing the ores. It needs no prophecy to predict for it a prosperous future. Still further along, in the same direction, about fifty miles, we reach the far famed Esmeralda District where actual results demonstrate that it is among the richest of the many existing mining districts of this Territory; and still further South, until you reach the southern boundary of the Territory, new discoveries have been made, rivaling in richness many I have named.

In this glance at the different localities where rich discoveries of mineral wealth have been made, I have, no doubt overlooked many as deserving of notice as those I have here mentioned. Such localities will not therefore feel themselves slighted by the omission.

In looking carefully over the topography of the Territory and the several localities of the mines thus far discovered, I am forcibly impressed with the absolute and imperative necessity of the construction of several railroads to connect the mines with wood, water, and timber, as each depends upon the other for successful and profitable operation and market. The mines require when worked to any considerable extent, incalculable quantities of timber and of that character which is alone found on the western border of the Territory, upon and at the base of the Sierra Nevada Mountain.

Our mines are all mainly situated east of these mountains varying from fifteen to four hundred

miles. The present mode of transportation by teams, and the character of the roads over which it has to be drawn necessarily makes it expensive to a degree beyond which persons of ordinary means can afford or command. The construction of railroads from the mines to timber and water, in my opinion would do more to facilitate the development of our Territory than any or all other means combined. It would reduce transportation one-half or three-fourths, thereby enabling men of comparatively small means to erect mills and open their mines, increasing in a wonderful degree the mineral productions of the Territory, relieving those distantly located from timber and water from a burthen most oppressive, and one to them and the country ruinous. For example take the locations of Virginia and Esola "Heil to the mountains and the valleys of Carson Eagle and Washoe where both timber and water are abundant. Suppose a railroad was constructed connecting them and in operation, and the cost of transportation reduced one half on ores timber lumber and wood. It would save enough to mining companies alone in one year to help construct the road, upon the basis of the business now done, not calculating that the business would be more than doubled by this means of cheap and rapid intercourse.

This once done, and every mountain stream would be made subservient to milling purposes and the cars would load one way with timber, lumber, and wood, and the other with rich ores brought down for reduction thus furnishing constant

and profitable employment for the road. I candidly believe that if the mines and mills could make a donation sufficient to construct the road they would, in two years, be more than reimbursed for their outlay and in five years would derive a larger profit from their investment than from the same amount invested in any other way. If they are not inclined to do the whole work and realize the profits therefrom, then if they will make subscription to such work of sufficient amount to give an earnest of their desire to have the work completed, then any responsible Company can procure capital sufficient for its completion in the Eastern Cities where money can be obtained at greatly reduced rates of interest from what it can be on this coast.

I have chosen for the purpose of illustration the most expensive piece of road to construct in the Territory. To other places, but little less important, where the surface is more level, roads could be constructed much cheaper. When this policy is once adopted between any point where the two interests can be brought together, I have no doubt it will become the adopted means of transportation. From the Sierra Nevada eastward to the Humboldt and Klamath river mines and far beyond, in every direction the plains have a common level, and intersect each other at intervals. When considered collectively, they form a vast plateau over which railroads may be constructed without difficulty to every mining district now known, or which may hereafter be discovered in those mountain ranges in which mineral wealth is found to exist. I recommend this subject to your Honorable Bodies with the hope that, if in your power, you will do something to inaugurate a system so much needed and required by the peculiarities of this Territory. The mineral productions of the Territory are so rapidly increasing, our wants are so multiplied and hard to be supplied, the necessity for rail-

road communication with California is every day more apparent. Its local advantages to us enough to manfully enlist us in its favor, and induce us to aid in every possible way its construction. Its advantages would be felt by every class of our inhabitants, from the owners of our rich mines to the humblest laborer in their employ. It would reduce the price of every thing we eat, drink, or wear. With it, our mills would soon be numbered by thousands & productions by hundreds of millions, instead of tens. If the enterprising company, now constructing the western branch of the great Pacific Railroad, are able to overcome the barriers of the Sierras, and reach the plain on this side the future of this Territory cannot be overdrawn by the liveliest imagination if left uncontrolled, in its wildest flights. In presenting the subject of railroad communication from the mountains on our western border to the different mining localities of this Territory with the abbreviated description of the surface of the country over which they would pass, it may not be improper for me to say that the knowledge of the same is based upon personal observation, fully substantiated by careful observers, and made certain by the testimony of scientific men. I have deemed it proper to lay this subject before you in the manner I have, believing fully if the experiment is tried, even by the shortest of the proposals, it will demonstrate the propriety of the suggestions. In my last annual message, I called the attention of your predecessors to the fact that Congress had passed a law for the construction of a Pacific Railroad. The announcement of the passage of such a law, so liberal in its provisions, by a Government involved in a war of the most gigantic proportions at a time when our national existence (to a casual observer) was more than threatened; when the financial ability of the whole country was taxed to its utmost to raise means to preserve our nationality; struck us with surprise and foreign governments with wonder. The fact that it was done, proves beyond all question, the

wisdom and comprehensive statesmanship of the Administration who passed it. It gives evidence that those best calculated to know the nation's power and weakness had abiding confidence in its stability; that it was able not only to subdue, conquer, and crush the rebellion, but, at the same time go forward with this great national improvement which in effect, gives us as a people the control of the world's Commerce or, at least makes it tributary to us. This is the most important consideration in large commercial transactions, that mode of conveyance will be selected. That route chosen which is the safest, and most expeditious, without regard to cost of transportation, unless the difference is so great as to overbalance accruing interest between purchase and sale. Acting upon this wholesome rule of commercial astuteness, the road when completed, will carry all of the most valuable of the Eastern and Asiatic productions, from the western to the eastern shore of the Continent and from there they will seek by the most rapid means of transportation, their several destinations.

Beyond and above all this - its importance and influence upon us as a nation, cannot be overestimated. The fact is now established that we are hereafter to be one people and one government, possessing vitality and power sufficient to put down and control all intestine commotions. And guard, protect and defend our most distant frontiers and settlements. To do this the wise and prudent foresight of an intelligent and vigilant people, speaking through their representatives, adopted this plan of binding the extreme East and the extreme West of our Continent together with iron bands. So that if the foreign invader should land upon the Western Coast, the soldiers of the Atlantic States, could be quickly transported hitherward to drive them back. It will do away with the necessity of large standing armies, this place being supplied by the iron rail and locomotive. By the inauguration of this wonderful enterprise, you see

additional proof of the determination of the government to furnish all necessary facilities at whatever cost to protect itself and the people, wherever found within the bounds of our wide spread Continent. How kind, how fatherly, how good must such a government be. How strong, how imperative the obligation to support and sustain it whether in prosperity or adversity. The mighty labor of construction is already commenced. The young, vigorous, giants of the West has already grappled with the mountain barriers. The mountain is being worn down, the valley filled up. Rough places being made smooth; the roadway made even; the structure placed on its bed. The shrill whistle of the engine is heard upon the track, its head is turned eastward on its journey to meet its coming brother, who is on its way westward on the plains of Nebraska and Kansas, panting with impatience for the greeting. I need not spend time to dilate upon the unspeakable benefits it will confer upon us; your own judgment will at once anticipate them all, when you reflect that its course lies across the whole extent of our fast settling Territory. When completed, we shall have an artificial life giving circulation. The increase of taxable property in the Territory in the last year is highly satisfactory and gratifying. Last year the total amount was \$9,572,300.05. This year it is more than \$25,000,000 thus speaking in language not to be misunderstood, of the substantial prosperity of the Territory. Population has increased in a corresponding ratio, bringing with it the comforts of life, and the humanizing influences of family restraint. The financial condition of the Territory is as flattering as could be expected, under the circumstances. The total amount of the indebtedness of the Territory on the first day of January, was about one hundred and twenty nine thousand dollars (129,000). of that amount nearly nineteen thousand dollars (19,000) is not payable until the fiscal years of 1864 and 1865, leaving the sum of one hundred and ten thousand dollars (110,000) as the present amount of indebtedness now due. To meet this debt, we have the general property tax, for the

past year amounting, as per estimate of the Treasurer to the sum of about ninety five thousand dollars (\$95,000) the greater part of which, will probably be paid into the Treasury during the present month. This will leave a deficit for the past year of about fifteen thousand dollars (\$15,000) which amount, together with the salaries of the several Territorial officers, and all appropriations of your Honorable bodies, must await payment until the collection of the taxes for the present fiscal year, which under our present revenue law can not be done for twelve months. The Territory having no other source of revenue than that derived from the general property tax. You will perceive from this statement, that the revenue for each year, is anticipated long before its receipt, and whilst the revenue is probably ample for all the expenses of the Territory; yet by keeping twelve months ahead of the receipts the credit of the Territory reaches a low point, and the necessary expenses of the Government are greatly increased in consequence. I may mention as an illustration of the matter, that the expense of supporting the Territorial Prison would certainly be reduced one-half if the same could be paid in cash, instead of the scrip or warrants of the Territory. For many this will, I would call your attention to the recommendation of the Territorial Treasurer, in reference to the issuing of bonds of sufficient amount to meet the necessary wants of the several departments. I am clearly of the opinion that you will find it necessary to adopt his suggestion and provide means to conduct the affairs of the Government upon a cash basis.

There is no subject of such vital importance to the people of this Territory as the establishment and maintenance of our efficient system of free schools.

It involves not only the intelligence and the happiness of the children and youth now acquiring an education, but also many of the material interests of the Country. Thoroughly disciplined and well educated minds are required in every department of usefulness. They are needed

in developing the vast resources of mineral wealth which a beneficent Providence has hoarded in our mountains. They are meddled in shaping and perfecting all the civil and religious institutions of our newly organized Territory, in harmonizing the dissimilar elements of society, and in laying the foundation for future prosperity and excellence.

The report of the Superintendent of Public instruction, which I submit to your consideration, shows that a considerable degree of progress has been made. From this Report it appears that the system of Common Schools, as amended during the last Session of the Legislature, has been regularly organized in every County of the Territory, and there is generally a growing feeling of interest on the subject of Education. In that Report several defects are mentioned in the present School Law and amendments passed which I hope will receive your careful consideration. The fact that the law appropriating semi-annually five per cent of all sums received as Territorial tax for school purposes, expires with the present fiscal year, demands your prompt attention. Unless it is renewed, the already inadequate provision for the support of our Public schools will be materially lessened.

The necessity of additional legislation to prevent the almost universal misconstruction of the Law imposing fines for Penal Offences is apparent. By the course Magistrates now pursue, criminals often escape merited punishment, and the School Fund, so much needed, remains more depleted. From the Report of the Territorial Superintendent, more than three fourths of all the children and youth in the Territory have no provision made for their Education. It is therefore, of the greatest importance our Public Schools be more liberally sustained.

The necessity of this is widely felt by County Superintendents, Teachers, parents and Citizens; and all generally desire that the School Fund should

be greatly increased. In view of this fact, I recommend that, in addition to all, the present sources for obtaining that fund, a law be passed assessing a direct tax of one tenth of one per cent. upon all taxable property in the Territory, for this purpose. So far as may be possible in the present infantile state of our public schools, I recommend the adoption of such measures, as may speedily lead to the introduction of a system of graded schools, based upon the principle of the scholarship.

Let the pupil be advanced from the Primary to the Intermediate and Higher Departments, upon the actual merit of his attainments. As a system it should be compact, uniform and homogeneous. When special enactments are made for the benefit of any County or City, they should in no case come in conflict with any provision or requirement of the general laws, but be made subject to it, and really constitute a part of it. This will prevent confusion and give unity and strength to the whole system. The Legislature of 1861 passed a law, entitled, "An Act to establish a Seminary of Learning, in Carson City." The person selected by the founder of the Institution as Trustees, made and filed the requisite Certificate in the office of the Clerk of the District Court, stating their corporate name is - object &c, as required by law and thus secured the property to Miss Eliza Clapp, a person in every way qualified by education and habit to take charge of such an Institution, and conduct it so as to insure success and make it in all respects, what it should be to insure a thorough and complete edu-

cation. I understand that Miss Clapp has associated with her in the enterprise Mrs Butler, one of the most accomplished and highly educated teachers of the country, thereby making assurance doubly sure that the undertaking will be successful.

I commend the Institution to your protecting power, not doubting that it will receive at your hands such aid and encouragement as it deserves.

The last Legislature incorporated an Agricultural, Mining, and Mechanical Society, under whose auspices an exhibition or fair was held in this place last Autumn.

From the exhibition there made in each branch of the departments designated in the Act, I entertain no doubt that it will prove of incalculable advantage to the Territory.

The zeal, industry, and vigor displayed by those having it in charge, furnish a guarantee of its success.

The Agricultural portion of the exhibition was particularly gratifying, and was truly magnificent.

Specimens of Wheat, Corn, Barley and oats gave evidence that our valleys, when cultivated, will produce in abundance and sufficient to support a population much larger than that which we now have.

The exhibition of vegetables was still more surprising. In no portion of our country could it be excelled in quality, and the quantity produced per acre can no where be excelled, establishing the fact that our soil is peculiarly adapted to the branch of husbandry.

By ordinary care, a large supply, and even a surplus of these articles can be produced over and above all that may be required for home consumption.

Let it once be known, as it ought in justice to be that our soil will produce -

as abundantly as our mines, and emigration will flow in upon us with great rapidity. The show of stock of all varieties was more than creditable to a country much older than ours, and would have astonished the stock growers of the old States, and caused them to wonder how soon it could be done in so short a time.

I bespeak for this Society the fostering care of the Legislature, believing that as its objects are promoted, our prosperity will be greatly advanced.

It has occurred to me, from a somewhat attentive perusal of our existing statutes, that a careful revision is much needed to produce that harmony necessary to a successful administration of them. Many of them are quite ambiguous in terms others contradictory.

I make the suggestion, and leave you to take such action as your better judgment may dictate.

I respectfully call your attention to an act entitled "An Act for the better observance of the Lords Day." The Act in terms seems to be stringent enough; yet it fails of its object.

I repeat to say that it is openly disregarded in all of our towns, and goes unpunished — whether from a defect in the law, or the inefficiency of public officers, I am unable to say.

If the latter, I suggest that some special penalty be prescribed as attaching to those who neglect to do their duty.

The penalties for such offences go to the School Fund, and but one

County (Lyons) has ever paid from that source anything into the Treasury.

Such neglects are culpable in themselves and highly detrimental to public morals —

The Amount of bullion shipped by public conveyance from the Territory since the Session of the last Legislature, will amount to about — \$1,000,000. The Amount retained and sent by private conveyance will amount to \$200,000. Making an aggregate of about \$1,200,000. A large increase over the last year, and showing clearly that the amount of our mineral productions depends entirely upon the means of reduction in operation.

From the number of mills now being erected, and those to be erected during the coming year, I think it entirely safe to say that the amount of bullion produced next year will be double that of this.

The Legislature, in December 1862 passed "An Act, entitled 'An Act to provide a Contingent Fund for the Territory.'

The Act places annually three thousand dollars at the disposal of the Governor for certain purposes prescribed therein. And makes it obligatory upon him to report to your Honorable Bodies in what manner, and for what purpose or purposes it has been expended. I have the honor to report that I have not drawn a dollar of the amount thus appropriated. What

amount, if any, the Acting Governor in my absence used, I am not informed.

I am unable to state the exact condition of the Militia of the Territory — from the fact that the Adjutant General has not been able to make his report for the reason that those, who by the law are obliged to inform him, have not communicated the necessary information, enough, however is known to show that there has been considerable progress made

in the organization of the Militia, so that we now number eight companies, who are all equipped and furnished with the most approved arms, making an effective force at all times ready in case of emergency. Under a call from the General Government for volunteers, four full companies of Cavalry have volunteered from this Territory and have been mustered into the service of the United States —

Two more companies of the same arm of service are now rapidly filling up, and will soon be in the field.

Added to this, a Regiment of Infantry is being raised and organized for the United States service —

Eight Companies are already being enlisted, and two more will soon be organized, and their officers engaged in the business of recruiting them —

When full there will then be one complete regiment of Infantry, and a Battalion of Cavalry, consisting of six companies. The energy displayed by the officers having the recruiting service in hand, and the alacrity with which our young men answer to the call of the Country, leave no doubt of success. A most gratifying assurance that the loyalty of our citizens has suffered no abatement but is ready and willing to answer all calls made upon their Patriotism.

The State of California through her Legislature, made an appropriation by which each volunteer receives five dollars per month in addition to the Government bounty and pay of the soldier. I suggest some such measure be adopted by this Territory; I am quite certain that a loyal people

will be willing to bear that small burthen in this great struggle now pending.

It seems to me necessary that you should provide by law for the taking of an accurate Census of the population of the Territory.

The new rule of representation can alone be based upon actual population; The present apportionment of Representatives was made upon very uncertain data, and great changes have occurred since its adoption. The best and most economical plan of acquiring this knowledge in time for a new apportionment (if it shall be found necessary) before the election of your successors is left for you to determine.

The County of Sanders was created by a four-individual predecessors in the hurry of business at the close of the session. They neglected the necessity of attaching it to the Third Judicial District, from which it was created, and likewise to designate the time and place of holding Courts in that County. By that omission the County with all its interests have been deprived of that protection to which it is entitled.

I submit for your consideration the propriety of raising the salary of the Territorial Auditor, and providing for the payment of his salary as it comes due.

As it now stands, he can only be paid out of monies not otherwise appropriated.

Remember this rule he has received little or nothing. The salary or pay of all other Territorial officers.

has been increased save this -

The office is one of the most important, its labors as great, and should be well paid; The law provides that the Adjutant General shall keep an office at the Capitol, and perform certain duties, which require a large amount of stationery - and at the present time much labor and attention -

The records and documents in his possession are important to the Territory, and Nation. Every consideration of prudence demands that he should have some safe place to deposit them. There has never been any appropriation to defray the expense of an office or stationery, I think there should be. The salary attached to the office is quite inadequate. The Legislature of

1862 passed a law entitled "An Act to frame a Constitution and State Government for the State of Idaho. The people under the provisions of the law, voted with great unanimity in favor of it. They elected their delegates to the Constitutional Convention, who assembled at the Capitol in accordance with the law and an unusually short session formed and submitted a Constitution for the ratification of the people. The question whether the people will adopt it, will soon be decided.

If it is adopted then of course the labors of this Legislature will be much abridged. The Constitution, in view of its adoption, wisely provided that the laws of the Territory should remain in force until amended or repealed by the State Legislature. Care, therefore, should be exercised in the passage of new laws in the interim, that they do not infringe upon its provisions.

The Constitution thus sub-

minded is passing through a severe ordeal.

That the judgement of the Tribunal to which it is submitted will be I know not.

Whatever it may be, we must remember that it is the voice of a free people, to which we must submit, and with which we must be content.

I desire to say this much, from personal observation, the Convention displayed great earnestness and industry in forming the Constitution, and seemed exceedingly desirous to so perform their labors as to commend it to the favorable consideration of an enlightened constituency.

I speak for it the calm, candid, unbiased, judgement, becoming a people earnestly endeavoring to do what is best for themselves and those who come after them.

Whatever may be our status, State or Territory, let us not forget the one great paramount duty we owe to our suffering country. Let us yield to her constant and affectionate allegiance.

If the storms gather and lowers let us dispel the clouds. If it be encompassed in darkness, let the flashing eyes of indignant millions light up the way for its escape. If bound for the moment with the flaxen cords of treason, let us sunder them with fire. If weak and exhausted with long struggling with it for, let us strengthen her with the nourishing and refreshing cordial of our warmest sympathies.

The furnace through which our country, and her institutions have been made to walk, is heated by spirits no less divisive than heated the one through which the men of old were doomed to walk. I firmly believe we shall

Come out as unharmed as they.

The same Providence is watching over us. The same strong arm protects us.

The prize for which we are contending is precious and incalculable valuable. It will be won by no faint hearted effort by no weak and effeminate race of men.

From the day of the landing of the Pilgrims on the barren coast of Plymouth Rock by making it their altar. God has been raising up a race of men on this Continent for the present emergency.

He who sees the end from the beginning, know well the trials through which Freedom, in her weary pilgrimage, would have to pass.

Know well the dangerous passes on the mountains of obstacles through which her pathway lay; fully aware that these several passes were strongly guarded by hordes of opponents, armed with every weapon of offensive and defensive warfare tyranny could invent.

The love of freedom, so strong in our Revolutionary Fathers, has been transmitted from sire to son, increasing in strength, until we behold the sublime spectacle of more than a million of liberty-loving men marshalled for the defence of the principles for which our fathers fought and suffered. In this terrible crisis we are not only called upon to meet and battle with treason and its legion of soldiers - but with an innumerable host of sympathizers, lacking the courage to avow treason. Not only are we engaged with these internal

foes, but with the outside world, who hold opinions in common with our domestic foes, that free government is not the form best adapted to the wants and necessities of man, but believe in the right of the Privileged classes to govern and control nations.

To aid in this most foul and unholy rebellion, and to strengthen, stay up, and prolong this conflict, foreign governments have permitted ships to be constructed, armed and manned, for the purpose of destroying our commerce, hoping thereby to control and subdue the spirit of patriotism which burns so brightly in the hearts of the people, disregarding that great principle of non-interference in the domestic affairs of others, to which they hold as a nation, early in the struggle recognizing rebels and rebellion as belligerents, furnishing supplies and protection to those freebooters of the sea that go forth on their errands of destruction (as the assassin sallies forth to do his murderous deed) with but two objects: first, to make the power of our nation, which is striving to put down the rebellion, thereby rendering positive aid and assistance to rebels; second to gratify the basest propensities of the human mind, personal gain and jealousy.

At the same time we behold the Emperor of a great nation — whose hand bound subjects rise up and sit down at his bidding — attacking a neighboring Republic, for no cause but a pretended indebtedness, openly violating a long standing doctrine of this Nation — under the mis-

pression that we were to weak to resist it, and at the same time holding confidential Tete-a-Tetes with the duly appointed Representatives of the rebel States - and acting under the advice and direction of such Commissioners of rebellion - Flushed with the apparent success of their treachery, he boldly attempts to place a scion of a royal race as emperor over a people desirous to be free.

Under all these embarrassments and discouraging influences, we behold a Nation determined to be free, rise with the giants power and gird on the armor for the conflict. In a day the Nation is aroused by the approach of danger, and looks calmly around to see the quarter from whence it comes. It is momentarily startled to see it on every hand - from within and without. - quick as the lightnings flash, it awakes to the reality of its condition and comprehends the full issue. It is seen at a glance that Freedom and Tyranny are to have their final struggle, here upon our fair, and heretofore peaceful fields. The Nation and the loyal people accept the issue; Armies and navies were spoken into existence. The music of peace was changed for the grand symphonies of war. With a commanding dignity and firm determination, the nation rose to the magnitude of the occasion. They extended along our immenseline of coast - a cordon of war vessels. They constructed iron-clad gun-boats for our inland navigation, and launched Monitors and armored Sericthans of the sea, armed with guns of a caliber heretofore unknown and unheard of. The young, ardent, and impulsive, rallied from Mountain and plain;

The right man in the right place, from the
 commander in chief, to the Sargent in the
 ranks, is every where seen. The collision
 was fearful and desperate; The wail of woe
 was borne to our ears upon every flitting gale
 and the habiliments of mourning were
 every where seen! The foundations of
 society were shaken to their very center;
 The rattling drum, the booming cannon,
 the clash of arms, greeted every where our
 ears. Thus, for three years has this
 struggle continued; sometimes the heart
 of patriotism has grown faint, in view
 of the terrible slaughter, and varying
 fortunes of the contest, until the sus-
 picious period has arrived, and we be-
 hold peace but a little way off, and al-
 ready can we hear in the distance, the
 shouts and peans of rejoicing millions,
 rejoicing not only that our arms have
 been victorious over domestic and
 foreign enemies; but that our
 power as a nation is established,
 and that our flag still floats as the
 emblem of the free. Rejoice with
 me that no Imperial power will be
 able to establish a throne on this Con-
 tinent — rejoice that our Govern-
 ment is preserved intact, emphatically
 "The land of the free and the home of
 the brave" In the midst of our
 rejoicing, let us not forget to drop a
 tear to the memory of the fallen dead
 sweetly do they sleep, to await their re-
 ward in the coming Judgement —
 They died and we truly may say,
 "The fittest place for man to die
 is where he dies for man."

Their names will ever be embalmed in
 the memories of a grateful people,
 They will be registered on earth,

and, I doubt not, in Heaven, as patriots, Proud designation — Androm, if it cannot otherwise be obtained, worth the sacrifice they have made. Let Fathers, Mothers, Sisters, and brothers, find consolation in the fact, that those who have fallen, have done so in the noblest cause in which man has ever striven, that the world, through all coming time, will be the rich recipient of the benefit arising from the sacrifice. "Happy, indeed is the reflection that, through all these trials, Nevada has been true and loyal; never swerving from her course of fidelity to the country or the "Old Flag" but has held with an undying grasp to her institutions. Hold firm a little longer and your reward will be visible.

To you is committed the interests of this prosperous Territory.

See to it — that you discharge your duties in such a manner as to hasten its progress and development. Invoking the guidance of Him that directs and controls the destinies of nations and of man, to direct and control your deliberations not doubting that, in the time allotted for your session you will do much for the present and future welfare of the Territory —

James W. Nye —

Message from the Council.

Council Chamber
January 14th 1864.

To the Hon the Speaker
of the House of Representatives

I am directed by this Honorable Council to communicate your Honorable House, the accompanying Resolutions adopted by this Council this day and hereby sent to the Hon. The House of Representatives for their concurrence.

Respectfully—

J. G. Clark.

Secy for Council

Resolutions of the Council read

Resolved by the Council, the House of Representatives Concurring:

1. That under God the highest allegiance of the American Citizen, whether in State or Territory, is due to the Federal Government; and that his first duty is to preserve the National Safety, defend the National unity and to protect the National Honor.

2. That growing with our growth, and strengthening with our strength is an unflinching faith in the ability of the General Government to crush out every trace of disloyalty in the rebellious States; to beat down—

with the mailed arm of the Republic, Erison, whenever it raises its head in defiance; to maintain unbroken the boundaries of its empire, and undisputed the supremacy of its rule; to restore to peace, harmony, and union, a brave and war-worn people, and rear the standard of its authority over every foot of the seceded South.

3. That we have an abiding confidence in the ability, honesty and patriotism of Abraham Lincoln, President of the United States; that we endorse the great acts of his Administration; and as the Representatives of the people of Nevada Territory, pledge our support, to all measures having for their object, the speedy suppression of the rebellion, and the restoration of peace.

4. That, in common with the people of the loyal North - in the sympathy with the sentiments of every loyal American - we condemn and deprecate the attempt of the Emperor of France, to seize upon and destroy, without excuse or justification, the Government of a distracted neighbouring Republic, and upon the ruins of a free system rear a Empire at the very threshold of the United States, (of the North,) and we most earnestly approve the attitude of the Administration in its protest against this upstart and cowardly usurpation, and in its manifest determination to enforce, in spirit and in letter, at the earliest practicable moment the cherished principals of the "Monroe doctrine"

5. That the Rebellion is a suggestion of Satan and an inspiration from hell, and is at war with the hopes of man, and the promises of God; that our hostility to treason, whether North or South, whether in word, or in arms, is inviolable and uncompromising, and our hope is, that the sword of the Republic may not be sheathed until treason kneels in submission, disarmed and defenceless.

6. That we re-affirm our devotion to the Federal Government, and our fealty to its flag; and in the name of the people of Nevada Territory,

we pledge to their preservation and defence, the
wealth of our hills, the strength of our arms, and
the loyalty of our hearts.

Of the Journal 22. The matters referred to the Committee of the Whole House shall constitute the General Orders, and their titles shall be recorded in a Calendar, kept for that purpose by the Clerk, in the order in which they shall be referred severally.

General Order 23. The business of the General Orders shall be taken up in the following manner: viz:—The Clerk shall announce the title of each bill, or other matter as it shall be reached in its order; whereupon it shall be taken up upon the call of any member, without the putting of a question therefor; but if not so moved, it shall lose its precedence for the day. Once removed

since bills have been taken up consecutively, the House shall go into Committee of the Whole upon them without further order. But no bill or other matter shall be taken out of its order, except by vote of two-thirds of the members present, nor shall any unfinished bill be taken up unless by order of the House.

Special order 24. Any matter may be made the special order for any particular day by the assent of two-thirds of the members present, but it shall not be in order to make any matter a special order from day to day, and no more than three bills or other matter shall be made the special order for the same day. No special order shall be postponed or rescinded, except by vote of two-thirds of the members present.

Section VIII.

(1) The Committee of the Whole.

Committee 25. The same rules shall be observed in Committee of the Whole as in the House, so far as the same are applicable, except that the previous question shall not be asked, nor shall the number of times a question may be asked be limited, and except that the yeas and nays shall not be taken.

26. It is in order to make and report progress shall be in order at any stage, and shall be decided without debate.

Proceedings 27. Bills and other matters shall be considered in Committee of the Whole in the following manner. Any bill or other matter brought before the House, whether it be a bill or otherwise, shall be read twice, and shall be considered by sections, having the title to be last considered. Each amendment in their proper connection shall be reported to the House, and read in the House.

28. If at any time when in Committee of the

Whole House, it be ascertained that there is no quorum, the Chairman shall immediately report that fact to the Speaker.

Chapter IX.

Of Bills.

Introduction of Bills. 2. No Bill shall be introduced in the House except in one of the following modes, viz:

1. By leave of the House, on one day previous notice being given of the motion therefor which notice must specify the subject matter of the Bill.

2. By unanimous Consent of the House.

3. By report of a Committee.

4. By order of the House.

5. By message from the President.

Title of Bills. 3. The title of all Bills introduced, shall state concisely the subject matter of such Bills.

Message from President. 4. Every message from the President communicating any Bill for the concurrence of the House, shall state the accompanying documents, if any, be referred to a Standing or Select Committee to consider and report thereon on or before a certain day, to be named in such message, shall also make reference, except the House shall otherwise order.

All Bills to be referred. 5. All Bills whether introduced in the House or communicated by message from the President, shall after their second reading, be referred to a Select or Standing Committee, to consider and report thereupon. Such Committee may report any Bill, either with or without amendments, or may report against the same. All Bills favorably reported shall, if the report be agreed to, be committed to the Committee of the Whole; but where a bill has been reported adversely, and such report be agreed to by the

House, it shall not go upon the general order, but shall be considered as rejected.

Bills from 33. Bills reported by Committee of the House, shall be subject to debate before the question to agree with the whole. The Committee in their report is free; but such an amendment only shall be in order as was offered and decided in Committee of the whole. And where a bill shall be reported by the Committee of the House with the preceding clause struck out, and the report shall be agreed to by the House, it shall be considered as rejected.

Three = 34. Every bill shall receive three separate readings, previous to its final passage, and the third reading shall be on a day subsequent to that on which the bill passed in Committee of the whole, unless the House in a vote of two-thirds of the members present shall direct otherwise.

35. No bill shall be ordered to a third reading, if the committee has been discharged in Committee of the whole, nor shall it be in order to refer any bill to a select committee to report separately.

36. No bill shall be engrossed or amended, in the order in which they have been directed by the House to be engrossed or amended.

37. No bill originating in the House, shall be kept upon its third reading until it shall have been reported by the Committee on Engrossed Bill as corrected or engrossed. Nor shall any bill be read the last time unless it shall have been once printed, without the consent of two-thirds of the members present.

38. The third reading of bills shall take place in the order in which they have been ordered to a third reading, unless the House in a two-thirds vote of the members present direct otherwise, or the bill to be read be laid on the table. And the

Question on the final passage of every bill shall be taken immediately after third reading, and without debate, unless the bill shall be ordered to be reconsidered.

Consideration. 39. The same rule that shall be required to pass any bill, shall be requisite to carry a reconsideration thereof.

Register to be kept. 40. A register shall be kept by the Clerk of all bills introduced into the House, or transmitted for concurrence from the Council, in which shall be recorded under appropriate heads, the progress of such bills, from the date of their introduction to the time of their transmission, if House bills to the Governor, or if Council bills their return to the Council.

Chapter X.

Of Motions and their Precedence.

Precedence. 41. When a motion is under consideration, no motions shall be received or debated, previous to the motion which shall have precedence in the order of debate, viz:

1. For an adjournment of the House.
2. A bill of the House.
3. For the previous question.
4. To lay on the table.
5. To postpone indefinitely.
6. To postpone to a day certain.
7. To go into Committee of the Whole on the pending subject immediately.
8. To commit to a Committee of the Whole.
9. To commit to a Selecting Committee.
10. To commit to a Select Committee.
11. To amend.

Non-debatable. 42. The motions to adjourn and lay on the table shall be decided without discussion or debate. The several motions to postpone or

concur, shall preclude all debate of the main question.

To be stated. 43. Every motion or resolution shall be first stated by the speaker or read by the clerk, before it is taken immediately before putting the question. And every motion, except those specified in sub divisions, one to ten, inclusive of forty first rule, shall be reduced to writing if the speaker or any member desires it.

When may be withdrawn. 44. After a motion shall be stated by the speaker it shall be allowed in the presence of the house, but may be withdrawn at any time before it shall be decided or recorded.

When may be withdrawn. 45. When different clauses or items are moved to filling blanks, the motions shall first be put on the subject and then the largest clause.

Adjournment. 46. The motion to adjourn shall always be in order.

Reconsideration. 47. It is the duty of reconsideration shall be so far as possible as to be decided by the following provisions: 1. That no motion for reconsideration shall be received or placed on the floor unless it is made by the party who introduced the motion. 2. That the motion for reconsideration shall not be received, nor shall any subject or article be introduced for reconsideration, until the motion for reconsideration has been decided.

48. The following clauses of resolutions shall be

49. The following clauses of resolutions shall be

Lie over one day. 48. The following clauses of resolutions shall be over one day for consideration, after which they may be taken up, as if passed, unless their opponents order the business.

49. The following clauses of resolutions shall be

I. Resolutions containing calls for information on the Executive Department.

II. Resolutions giving rise to debate, except such as relate to the disposition of matters immediately before the House, such as relate to the business of the day, or which they are then, and such as relate to adjournment, or taking recess.

First to be referred

IV. All resolutions in the Committee of an extra number of any document, paper or bill, shall be referred, as of course, to the standing Committee on which Committee to consider and report thereon.

Expenditure res-
olutions to be re-
ferred

V. All other resolutions calling for resolutions to be referred to or particulars for the use of the Legislative Assembly shall be referred to, and reported on by the Committee on the Expenditures of the House unless the House shall decide some other Committee.

Chapter XII

Of the Previous Question

Of the previous
Question.

51. The "Previous question" shall be as follows: Shall the main question be now put? And when it is decided shall preclude all amendments or debate. When on taking the previous question the House shall decide that the main question shall not now be put, the main question shall be considered as still remaining under debate.

Main Question

The "Main question" shall be on the passage of the bill, resolution, or other matter under consideration but when amendments are pending the question shall first be taken, before such amendments are taken in their order and when amendments have been adopted in Committee of the whole and not adopted in the House the question shall be taken upon each amendment in like order, as if the previous question had been

ordered, without further debate or discussion.

Mr Chagett from the Committee on Federal Relations reported the following.

Your Committee on Federal Relations, to whom was referred the concurrent Union Resolutions of the Territorial Council, beg leave to report that they have considered said Resolutions in Committee, and have concluded to refer the same back to the House, and recommend their passage with the following amendments, to wit:

We recommend that all after the words, "Federal" in the 3rd line of the first Resolution be stricken out and other words substituted so that the Resolution as amended shall read as follows.

"That under God the highest allegiance of the American Citizen whether in State, or Territory, is due to the Federal Constitution and the Government established under it;

and that this Constitution confers on the Federal Government full powers to maintain and perpetuate its existence: and whenever the people of any state in any portion thereof attempt to secede from the Federal Union or forcibly resist the execution of its laws, the Federal Government may by warrant of the Constitution supply armed force in compelling obedience to its authority.

We recommend that the words "Severed South" in the last line of the 2nd Resolution be stricken out and the words "Rebellious States" substituted in their place.

We also recommend that all the words of the 3rd resolution be stricken out, and the following substituted in their place — "That as the National Administration is the executive Representative of the Government, upon which under the Constitution devolves the duty of preserving the integrity of the Federal Union, and enforcing the laws throughout our entire public domain! and as this duty cannot be successfully performed — without the cordial support of the people of the Loyal States, We therefore pledge to the support of the Federal Administration our united aid in suppressing the present infamous Rebellion — and enforcing the laws at whatever sacrifice of blood and treasure, declaring that the Federal Union shall not be dissolved, and that the old flag shall never be lowered in the face of the Union's foes —

We also recommended that the words "in common with the people of the Loyal North" in the 1st and 2^d lines of the 4th Resolution be stricken out. Also that the words "of the North" in the 11th line, also that the word "cowardly" in the 14th line be stricken out and that the word "unjustifiable" be inserted in its place, so that the Resolution as amended will read as follows, to wit:

That in sympathy with the sentiment of every loyal American we condemn and deprecate the attempt of the Emperor of France to seize upon and destroy without excuse or justification the Government of a distracted neighboring Republic and upon the ruins of a free system rear a monarchy at the very threshold of the United States - and that we most earnestly approve the attitude of the Administration in its protest against the unprovoked and unjustifiable usurpation, and in its manifest determination to enforce in spirit and in letter at the earliest practicable moment the cherished principles of the Monroe doctrine -

We also recommended that in the 5th Resolution all after the word "Rebellion" in the first line and before the word "that" in the 4th line be stricken out and other words inserted so that the Resolution as amended will read as follows, to wit:

That the rebellion had its origin in an unholy ambition and lust for power; is antagonistic in its spirit to constitutional liberty and free Government and at war with the hopes and happiness of man.

That our hostility to treason, whether North, or South, whether in word or in act is immutable and uncompromising, and our hope is, that the sword of the Republic may not be sheathed until treason kneels in submission disarmed and defenceless."

We also recommend that the word "devotion" in the 1st line of the 6th Resolution be stricken out and the word "Fidelity" inserted in its place. Also that the word "Healthy" in the 3^d line be stricken out, and the word "Devotion" inserted in its place, so that the Resolution as

amended will read as follows, to wit:
That we reaffirm our fidelity to the Federal Government and our Devotion to its Flag! And in the name of the people of Nevada Territory we pledge for their preservation and defense the wealth of our hills the strength of our arms and the loyalty of our hearts— All of which is most Respectfully submitted

H. H. Clagett

I concur with the foregoing report with the following exceptions.

I recommend that after the word Government in the 4th line of the 1st resolution be stricken out so that the Resolution amended shall read as follows—

"That under God the highest allegiance of the American citizen whether in State or Territory is due to the Federal Government, and that the Federal Constitution confers on the Government full powers to maintain and perpetuate its existence and wherever the people of any State—

or any portion thereof attempt to secede from the Federal Union or forcibly resist the execution of its laws the Federal Government may by warrant of the Constitution employ armed force in compelling obedience to its authority.

I also recommend that after the word "Administration" in the 5th line of the 3^d Resolution be stricken out, so that the Resolution as amended shall read as follows. "That we have an abiding confidence in the ability honesty and patriotism of — Abraham Lincoln President of the United States, that we endorse the great Acts of his Administration — and as the National Administration is the executive representative of the Government upon which under the Constitution devolves the duty of preserving the integrity of the Federal Union and enforcing the laws throughout our entire public domain and as this duty cannot be successfully performed without the cordial support of the people of the loyal States — we therefore pledge to the support of the Federal Administration our united aid in suppressing the present infamous Rebellion and enforcing the laws at whatever sacrifice of blood and treasure.

declaring that the Federal Union shall not be dissolved and that the old flag shall never be lowered in the face of the Union's foes.

Thomas Barclay.

Mr McC Donald moved it be made a special order for next Wednesday at 2 O. Clock -

Mr Gillespie moved to amend so the Report shall be printed and made the special order for Wednesday next.

Mr McC Donald accepted Mr Gillespies Amendment carried.

The Speaker announced the next Business in order - Communications from Territorial Officers.

Mr Clagett presented report of the Secretary of the Territory on the Boundary question -

Territory of Nevada -

Secretarys Office -

Carson City Jan'y 14th 1864

To the Hon The Speaker of the House of Representatives of the Legislative Assembly.

Sir It is necessary that I should report to the Legislative Assembly my course on the difficulty which arose last winter in Honey Lake Valley, concerning the Boundary between this Territory and the State of California - A collision growing out of a question of Jurisdiction arising from the uncertainty as to the position of the boundary line occurred at the town of Susanville on the fifteenth of Feb'y 1863 in which it seems several hundred men were engaged.

Each party had occupied and fortified a house. Fire arms were used briskly.

during three or four hours and several persons were wounded.

Hostilities ceased upon an agreement to refer the subject to the Governors of California and Nevada Territory for settlement but yet excitement was great and began to extend beyond the immediate locality of the disturbance. Serious consequences might ensue.

It telegraphed in relation to the affair to His Excellency, Leland Stanford, Governor of California and sent the Hon. J. H. Lovejoy to Susanville to investigate the facts. Upon his return he submitted a written report, which, with accompanying papers is herewith transmitted to your Honorable Body. Subsequently a Special Messenger Mr. W. H. Richardson arrived bearing an official statement from Tom Hill Mailright, who had been appointed Sheriff of Butte County, by Governor Nye. Mr. Mailright stated the facts, asked my advice, and promised to obey my direction in the matter - A promise he faithfully kept.

Accompanying this is Mr. Mailright's letter; with a copy of my answer in which are quoted my dispatch to Governor Stanford and his reply.

Judge Robert Robinson of Sacramento was appointed by Governor Stanford to confer with me in relation to the Boundary. After ascertaining that the Summit boundary would not be conceded by the California authorities, we drew up an instrument providing, as the best that could be done, that the Governor of the Territory will appoint a Commissioner to meet a Commissioner appointed by

the State of California, to run and permanently establish the boundary line between the State of California and the Territory of Nevada during the present year" (1863).

The 2nd Clause providing that the line should be temporarily regarded as running North through the eastern end of Honey Lake, was proposed by Judge Robinson, and was agreed to by myself on condition that the line South of Lake Bigler, as run by Kiddle and Gros - in 1862 placing Aurora within this Territory, should be regarded temporarily as the true line, and jurisdiction be accordingly so assumed, by Nevada Territory.

To this Judge Robinson did not feel authorized to consent, and the writing was left without signatures, upon a verbal understanding that if approved by the Governor of California the duplicates should be signed by the Governor of that State and of Nevada Territory, and exchanged.

It was not so approved, but submitted by Governor Stanford to the Legislature of California - then in session, and a law was enacted, providing that the Surveyor General of California should run measure and mark the entire eastern Boundary of that State - and requesting the Governor of Nevada Territory to appoint a Commissioner to accompany an act in conjunction with said Surveyor General. "Provided that Nevada Territory shall pay all expenses of such persons or persons so appointed"

I send you a certified copy of that Act together with the paper showing Judge Robinson's Authority to act

as agent of the State of California and a duplicate of the attempted agreement between him and myself.

There was no law of this Territory authorizing a survey, or the appointment of a Commissioner, or the payment of money, or the making of any contracts for payment.

For defining and establishing the boundary. The calling of an extra session of the Legislative Assembly was urged. Instead of that, I trusted this Legislative Assembly

On the 16th of May 1863, I appointed Butler Ives, Esq., one of the most competent Surveyors on the Pacific Coast, Commissioner for and in behalf of Nevada Territory - "to accompany and act in conjunction with the Surveyor General of the State of California - in defining and establishing the boundary line between the Territory of Nevada and State of California" and made a contract with said Ives - by which he promised and agreed "to diligently, faithfully, and fully, perform all the duties devolving upon him as such Commissioner" and prepare and file in the office of the Secretary of Nevada three copies of the maps and field notes of such Survey, within sixty days after the completion of the survey, and make to this Legislative Assembly "a full and detailed report of the manner in which the survey has been made."

Said agreement also contained the following clause - "And as consideration for said services, to be performed by said Butler Ives, said Orion Clemens, Governor of the Territory

of Nevada, in the name of the people of said Territory of Nevada, to pay as compensation to said Butler two - The sum of three thousand dollars, in gold and silver coin of the current money of the United States - Said sum of money to be so paid to said Butler two thirty days after the adjournment of the next (this) Session of the Legislative Assembly of the Territory of Nevada.

It was stipulated that this three thousand dollars should be payment in full of all expenses as well as services of himself and assistants -

The detailed Statement referred to will doubtless be made by Mr. Chas during your Session.

In conjunction with Mr. Kadder who was appointed by the Surveyor-General of California - Mr. Chas ran the line from the initial point on Lake Bigler, North to the Southern Boundary of Oregon, and South to within about a degree of the Southern Boundary of the Territory.

When the severe cold, and other difficulties, compelled a suspension of the labors of the commission -

But the important points were gained of showing the true location of the boundary line in the Honey Lake region - and thus preventing further difficulty; While, in the South, upon the running of the line under this commission, the State of California immediately yielded a jurisdiction long maintained over the rich Emerald mining region, and the position of the line and respective jurisdictions of California and Nevada are now clearly known,

Wherever there are settlements along our western border—

Accompanying this is a copy of my appointment of Mr. Ives as Commissioner together with a duplicate of our agreement, and his bond for arms furnished for protection in going through the Indian Country, and the invoice and voucher for the arms— All of which is respectfully submitted by.

Your Obedient Servant

Orion Clemens.

Secretary of the Territory

Carson City Feb 28/863

To

His Excellency Orion Clemens Acting Governor of Nevada Territory. Sir.

In accordance with your instructions: Given to me on Saturday the 20th instant. I proceeded with all possible dispatch to Susanville County Seat of Roop County N.T. for the purpose of making a strict and thorough examination as to the cause of the difficulties existing between the authorities of Plumas County and the authorities and citizens of Roop County.

I found upon my arrival that an agreement had been entered into between the Belligerents, in the shape of a written report or statement agreed upon and signed by a committee of four. Two of whom were selected by the citizens of Roop County and two by the invading force from Plumas County which statement you have before you. Consequently it

is unnecessary for me to embody it in this, as I am thoroughly convinced the whole originating causes, or facts are therein contained, but there are other matters connected with this most unfortunate collision that I deem my duty to lay before your Excellency. And which will undoubtedly arrest your serious attention, as unless most decisive and prompt measures are taken trouble of a terrible character, as between California and our Territory will most certainly ensue.

The Settlers of Honey Lake Valley from its earliest history have been of a peculiar character, fearless, self-reliant, hospitable, willing at all times to render justice to all connected with them and ready "it may be so much so" to avenge promptly a wrong committed upon themselves. On those who may be connected with them—

This character is as necessary as gunpowder in the protection of our frontiers and has been the bulwark which has, since the earliest period of our Territorial history, defended us repeatedly and promptly from the depredations of our savage and marauding neighbors within and contiguous to our Territorial limits.

I make these remarks, simply to show to your Excellency the character of the people of that portion of our Territory—well knowing that your excellency will readily draw the inference that they are a class of our population that are not to be trifled with, when they consider that their dearest interests are at stake, or their rights are being trampled upon, as has been amply and fully proved—not only

in the unfortunate collision just transpired but in many former instances.

The mass of the citizens of Honey Lake Valley and the settlements contiguous thereto, have ever from its earliest settlement - claimed that they were, and of full and first right, ought to be, Citizens of - first, Utah Territory, (the laws of which were thrown over them) And secondly, Nevada Territory - the Legislature of which, at its last session, took decisive steps by throwing our laws over them - in accordance with the expressed wishes of almost the entire body of that people, as well as in the belief, that ever should they prove to be within the jurisdiction of California when the division line shall be determined that California will be just and magnanimous enough after learning as they certainly have, their desire to be come incorporated in this Territory - to cede the same and cease to prosecute them with her onerous jurisdiction. I say onerous jurisdiction - from the following facts given by themselves.

"First" they are often times called by the authorities of Plumas County a distance of forty miles as Jurors or witnesses, in the most trivial cases. At all seasons of the year oftentimes having to remain at the County seat of Plumas County weeks on account of the great depth of snow, or storms upon the mountains making it extremely dangerous to life and limb to undertake the journey home - thereby suffering great loss -

and creating confusion and derangement, in all their affairs both financial and social -

2nd They have been, and are socially, financially, and geographically, connected with this Territory, its people and its every interest by an almost impassable

mountain barrier, between themselves and the source of judicial and Executive authority of California. So much so, as to render the execution of law either criminal or civil excessively burdensome to them. independent of the fact that speedy and prompt justice necessary to the maintenance of order cannot be muted out -

3rd That even should they be within the jurisdiction of California, which they do not acknowledge as is amply proved by their late acts - the formation of a new County under the jurisdiction of California, as has been suggested by certain parties would be burdensome ~~to them~~ owing to the sparseness of the population over the portion of Territory proposed. That to support a County Government, would render taxation unbearable, and leave them without the reasonable hope of the speedy settlement of their difficulties -

In speaking of a sparseness of population, I have only reference to a County which might be organized under the jurisdiction of California on the disputed track, as it is an indisputable fact that at least one half, if not two-thirds of the population of Honey Lake and Long Valley are within -

The absolute jurisdiction of our Territory, consequently, in dividing the population, by placing them in two countries - making two feeble; almost helpless countries instead of one full of vigor - and giving promise of prosperity & independence would be to place them under a grievous burden and work lasting wrong upon them and their descendants.

Many other reasons apparently trifling in themselves individually, but in the aggregate are of much importance and vexatious and harassing in their character, are given by the people of that region. Why they should be disconnected from California and be annexed to this Territory, should they be found outside of our limits.

The people under the armistice as agreed upon by the contending parties are left totally without law, which is certainly not only very inconvenient, but very unjust to the business men of that community.

Saying nothing about transactions of a criminal nature that may and in fact will arise in consequence of the wrong acts of lawlessness of whom no community is free -

There is really no protection to life or property, under such a state of circumstances, and should it be continued for any length of time, a total disorganization of all the relations of life must necessarily ensue - and wrong and outrage run rampant.

Independent of these facts should the authorities of Thomas County attempt to enforce her juris-

dition in the least matter they will immediately come in contact with as brave and determined a body of men as ever raised a rifle

and the sequence will be a bloody border warfare of the most desperate character which will result in a total destruction of the kindly feeling that does and should ever exist, between our elder sister sister California and ourselves—

As I have heretofore stated all law is suspended and consequent upon this fact the effect has even reached the common schools of that region— they all having been immediately suspended as the Superintendent of Public Instruction know not where they are to draw their monies from to pay teachers engaged in educating the children, who are thus thrown without the pale of educational privileges—

This state of affairs must not continue in that region, as it will induce a similar state of affairs all along the border, and on behalf and by urgent request of the citizens of that portion of our Territory as well as on behalf of the whole body of the peace-loving citizens, not only of our Territory, but of the border counties California urge a prompt and decisive settlement of the difficulties by immediate action, in connection with the Legislative and Executive authority of California by so changing the county boundaries of Plumas County to the Summit or dividing bridges between her and ourselves— as to prevent a recurrence of the

much to be regretted bloodshed,
by so doing. We may in time
remove all constitutional, or other
objections that may exist either
actual or supposed, in the minds
of the California people in refer-
ence to the boundary line as pro-
posed by Congress in our organic
Act

All of which respectfully
Submitted

Copy of letter to Sheriff of
Boop County with regard to conflict
of jurisdiction

Executive Department
Carson City March 3^d 1863

Wm. Hull. Mail Agent Esq.

Sheriff of Boop County
Nevada Territory

Sir.

Your statement of
the difficulties caused by conflict of
jurisdiction between the authorities of
Plumas County California, and the
authorities of Boop County Nevada-
Territory, has been handed to me
this evening by the Special Messenger
Deputy Sheriff Parkinson.

Also I received from him a copy
of the agreement made at the "Peace
Meeting" quoted in your statement

And also the statement of the
Committee of Citizens. Two of each
side also from Hon J. K. Lovejoy
whom I sent to your County as
agent - I have received a written
report and certain statements
of the wishes of the people of Boop
County with a large number

of signatures relative to the settlement of the boundary - Copies of all these papers have been made and to morrow or next day will be forwarded to Governor Stanford with a letter from myself in which I shall endeavor to show the propriety of the withdrawal of California jurisdiction from the Territory east of the summit of the Sierras -

No effort will be omitted to this end and in the meantime allow me to advise and strongly urge you to abide faithfully and patiently by the agreement made at the Peace Meeting" which I think was concurred and agreed to in a wise and thoughtful spirit -

The evils you enumerate as the result of the entire absence of the exercise of jurisdiction within the disputed limits, under the agreement made, are admitted; but this will only be temporary! While if either party break the compact to refrain from jurisdiction, other conflicts may ensue in which other Counties in California may be involved with Plumas on one side! and other Counties in Nevada Territory may be involved with Boop on the other, and thus the evils widen and strengthen till they pass beyond control -

To prove to you that neither the Governor of California nor myself is indifferent or idle in the matter. I add the following copies of dispatches sent and received by telegraph.

Territory of Nevada.
Executive Department
Carson City, February 21st 1863

"Governor Leland Stanford.
Sacramento Cali-

Sir:

I have received information from Honey Lake that the authorities of this Territory and California have come in conflict. A Sheriff and posse comitatus of one hundred and fifteen men from Plumas County were resisted by thirty five men of Roop County. They were wounded. After the conflict a suspension of hostilities was agreed upon and differences submitted to Governors of California and Nevada.

An agent from me has gone to Honey Lake to investigate. Action of last Legislature renders it necessary for me to sustain the action of the Roop County Officers - What course do you propose to pursue!

It is probable action will be taken by the California Legislature, requiring Legislative action here, an extra session can be called. Answer by telegraph

Orion Clemens.

"Acting Governor of Nevada
Territory

Executive Department
Sacramento July 27th 1863

To Hon Orion Clemens

Acting Gov^r of Nevada.

In consequence of absence from the Capitol - I could not reply earlier to your despatch in relation to difficulties between citizens of this State and some of those of the Territory of Nevada - I regret much there should have arisen this serious difficulty - But we will

meet in the spirit of kind neighbors,
and adjust it as speedily as possible.

I will send an agent to ascertain
the facts and confer with you personally.
Seland Stanford -

Gov of California

Hoping that this will convince
you that there is a prospect of an
amiable and honorable settlement
to be effected as speedily as practic-
able

I am Sir -

Very Respectfully yours
Orion Clemens

Acting Gov of Nevada Territory

Winnemucca Feb'y 18th 1863.

To the Hon Orion Clemens Secretary and
Acting Governor of Nevada Territory
Dear Sir.

The following statement is made
to you for the purpose of obtaining your
advice and direction in the premises, and
also to request you to have a conference
with the Governor of California respect-
ing Nevada jurisdiction in Hoop County
as now defined by law, and also
as to the eastern boundary line of said
State, whether the same does in any
way conflict with the boundary lines of
this Territory as laid down in the Organic
Act.

About three weeks ago an in-
junction issued out of the Probate
Court of this County at the suit of E.
J. Emerson against Wm. A. Young an
Acting Justice of the Peace under the
laws of California commanding him
to refrain from the exercise of juris-
diction as such Justice in the County
of Hoop and said Territory. The
injunction was disobeyed by him -

and for such disobedience he was arrested and fined one hundred dollars for a contempt of Court. Subsequently on information and complaint made the County Judge of Plumas County issued a warrant for the arrest of John S. Ward Probate Judge and myself charging us with usurpation and intrusion into office without legal authority. Upon these warrants we were both arrested, by the Sheriff of Plumas County, and his deputy, and immediately started for Quincy, County Seat of Plumas County, but owing to the weather, and a heavy fall of snow the night previous, our trip was abandoned. (I should state here that Judge Ward was arrested from the custody of the Deputy Sheriff, by a body of citizens, of whom the Hon Isaac Koop was one.) before the abandonment of the trip. The Sheriff of Plumas finding that resistance would be made to the service of his warrants, returned to Quincy the following day, raised a posse of one hundred and eighty men and one cannon, and returned to this place on Saturday last for the purpose above stated. Previous to this however and upon the first arrival of the Sheriff of Plumas in this valley, proceeding by injunction had been instituted against all of the County officials of Plumas Co. in the name of the People of Nevada Territory, at the relation of Isaac Koop. The writ was served on, and disobeyed by the Sheriff of Plumas County, and his deputy. The Sheriff escaped but the Deputy was arrested and brought before the Probate Judge,

who issued the injunction to answer for a contempt of Court but was discharged because of an agreement between him and the citizens that he should return to Quincy, prevent the Sheriff from bringing over his posse, procure and have served an injunction upon all the County Officials of Hoop County, which order served was to be obeyed until the Supreme Court of the State of California should finally pass upon the question of jurisdiction. (His return was prevented by snow.)

On the arrival of the Sheriff of Plumas with his posse, the same citizens who made the agreement with his deputy were called together at the request of the Sheriff of Plumas, and thus and then informed by him, that he did not concur in the agreement, therefore not bound thereby. Judge Ward and myself were

at once re-arrested, but not confined. During the evening we were both taken by a body of citizens, and placed in a log cabin and strongly guarded. Rumors were sent in every direction to inform the citizens of the contemplated arrests, and by the next morning a large body of armed citizens congregated at this place fortified the log cabin, provided themselves with munitions of war, provisions &c. - Signifying to the Sheriff and his posse that no arrests under California law could be made. - Some days before this

occurrence and in anticipation of trouble with the California Authorities "The Sheriff having refused to obey an injunction" - I issued a proclamation

tion to the people, of this County and Territory, calling upon them to join my posse to assist me in putting down any and all resistance by armed bodies of men, to the due execution of the laws of the land and to maintain peace &c - to which call the people almost unanimously responded.

The Sheriff of Plumas, seeing the condition of the Karada people early on Sunday morning the 15th instant, he marshalled his men into a large barn nearly opposite the cabin occupied by my men -

and commenced fortifying the same by taking some heavy logs designed for a house, which lay about thirty yards distant - Whilst thus engaged they were ordered by my men to cease moving the logs -

The order was disobeyed the third time, when my men fired.

wounding one man seriously in the thigh breaking the bone. The fight then became general between the two parties, and continued for several hours, doing no serious injury except the wounding of several persons, among whom was Judge Ward, who was shot through the fleshy part of the breast and right arm, The wound is not considered fatal.

A cessation of hostilities was then agreed to from time to time till nine o'clock.

The next morning the 16th instant, during which time the citizens again assembled and had the Sheriff of Plumas County and myself come before them, which when done, the Sheriff made a proposition for settlement, which was: That each of the parties should disband their forces.

appoint a committee of conference, and correspondence consisting of four persons two from each side, whose duty it should be to represent the circumstances of this affair to the respective Governors of Nevada Territory and California requesting them to settle if possible the unsettled boundary between the two Governments, that all jurisdiction on both sides, should cease until such settlement was had, or until the respective Governments should authorize their officials of the disputed Territory to proceed." This proposition was acceded to, and the proceedings of the meeting signed by the Sheriff of Plumas County and myself, after which the Sheriff and his posse returned to Quincy.

If this agreement is lived up to then we are wholly without the protection of Law, life or property, the beginning of suits, the administration of oaths, the acknowledgements of deeds - the arrest of murderers and thieves. All cease.

There are also many cases of great importance, either commenced or about to be commenced in our courts, which are stopped.

Hence the great necessity of immediate action.

I am well aware that this contract or agreement is altogether without authority of law, and contrary to public policy - but under the existing circumstances, I did it to prevent blood shed -

My forces were so arranged, and of such a character that if the fight had been resumed it would have resulted in the utter annihilation of the Sheriff's entire posse.

The citizens were terribly exas-

perated, so much so that reason
held no sway whatever. I will
obey your direction in the matter

Will I go on as Sheriff of this
County and continue to resist California
Authority, or must we wait until
California informs us whether we are
or are not within her jurisdiction -

I am satisfied that the people
will not long acquiesce in the present
state of affairs.

Are we a gov-
ernment and have we authority
within the boundaries of Lake County
now Coos, as provided by the laws
of the Territory? Please let me hear
from you, at your earliest convenience
and give me full direction how to pro-
ceed, by so doing you will greatly
oblige your humble servant -

Wm. Hill Nailigh -
Sheriff Coos Co.
Nevada Territory

Dusmanville. Honey Lake Valley.
Feb. 16th 1863

To his excellency James W. Wye.

Governor of the Territory of Nevada.

At a meeting of the
Citizens of Honey Lake Valley, held
on the 16th of February 1863. We the un-
derigned were appointed a committee
to report to your excellency, on be-
half of the people of Honey Lake
Valley, upon the unfortunate col-
lision that took place between the
officials of Plumas County, Cal.
and the officials of Coos Co. N. T.

Growing out of the question of juris-
diction, and further to request you
in conjunction with the Gov of California
to make as speedy arrangements as
possible, to effectually settle the question

of jurisdiction, a matter of vital importance to the citizens of this Valley.

Soon after the organization of Hoop Co. N. T. A writ of injunction was served upon Mr. A. Young, who was then acting as justice of the Peace in & for Plumas Co. Cal.

Commanding him to cease all judicial proceedings within the limits of Hoop Co. N. T. who failing to comply with the requirements of said injunction, was arrested & brought before John S. Ward - Probate Judge of Hoop Co.

and fined one Hundred Dollars - for a contempt of Court - Subsequently upon the complaint of Mr. W. D. Haven warrants were issued by E. J. Hogan County Judge of Plumas Co. Cal. for the arrest of John S. Ward & Mr. H. M. Malign.

The warrants were placed in the hands of C. Pearce, Sheriff of Plumas Co. Cal. who proceeded to make the arrests - Pearce started with Malign across the mountains for Quincy but owing to the depth of the snow was unable to get his prisoner over -

Deputy Sheriff Byers who had Judge Ward in charge, owing to some delay, was overtaken by a number of citizens, who rescued Ward, & brought him back. In the mean time

Pearce crossed the mountains with a view to raise men sufficient to

arrest the prisoners; and Malign Sheriff of Hoop Co. issued a proclamation calling on all able bodied citizens to arm and hold themselves in readiness to aid in the execution of the laws, put down insurrection

&c. On the 14th inst Sheriff Pearce at the head of about the hundred armed with deadly weapons, marched

into Susanville & occupied the upper end of the town - Mailigh & Ward with the Nevada forces occupied a small log house, well fortified at the lower end of the town. Early on Sunday morning Pierce by a sudden movement took possession of a large Barn about 150 yards from the position of the Nevada party - & nearly opposite.

He commenced to fortify by moving some large logs close by the said Barn. The Nevada men who were then in speaking distance named the Plumas Party not to remove the timber, or they would fire; this they repeated three or four times, but the Plumas men seized the timbers and proceeded to carry them away.

Five or six shots were immediately fired by the Nevada party; one only taking effect - wounding a Plumas man severely. Both parties continued to fire briskly for three or four hours. There were but two men wounded on the Nevada side. Viz

Ward & White, both slightly - These are all the casualties known to this Committee resulted from this unfortunate affray.

Through the agency of the citizens of Susanville - an armistice was arranged between the belligerents, to last for four hours.

These citizens zealously endeavored to effect a compromise, which resulted in the following, to wit:

That Pierce the Sheriff of Plumas, and Mailigh as Sheriff of Butte & a committee of the citizens of this valley agreed that each party should disband, that each sheriff should make a report to their respective governments strictly in

accordance with the facts & further to urge upon the necessity of taking immediate action for the settlement of this vexed question of jurisdiction. In the mean-
 "the either party to exercise jurisdiction in this valley" and that a committee of citizens should also make a report of the facts of this affray to each of the Governors of them of them to take such steps as would bring about a settlement of the controversy as soon as possible -

Without wishing to blame or excuse either party, the committee would state that in all probability each party thought itself justified by law in all its actions.

The Eastern boundary of the State is not ^{definitely} known. Some are of opinion it is east of us & others that it is west. For the sake of our Schools it is necessary that we should know where to apply for our school money.

When we are assailed by Indians, as we frequently are, it is necessary that we should know where to apply for assistance. For very many reasons it is absolutely necessary that the question should be settled. And that as soon as possible -

Report
of the
Territorial Auditor
for the year 1863.

Auditors Department.

Carson City N.T. Jan'y 12th 1864.

To the Honorable the Council
and House of Representatives.

Gentlemen. - In compliance with the Act defining the duties of Territorial Auditor, the undersigned respectfully submits his report of the fiscal affairs of the Territory, commencing Mar 1st 1862 the date of the last report, and ending Dec 31st 1863.

On the first of Sept. last the Hon Perry S. Childs resigned the office of Territorial Auditor, and on eight of the same month, the Governor, pursuant to the authority vested in him, appointed me to fill the vacancy, and I immediately entered upon the discharge of the duties of my office.

I regret that I am only able to submit to the consideration of your honorable Bodies, an estimate of the incoming revenue to the Territory, instead of the actual receipts. The law does not

compel the payment of Taxes till the second Monday of January.

And thus far, comparatively nothing has been paid into the Territorial Treasury. The Tabular Statements will be found arranged as follows -

A.

Statement of Receipts into the Territorial Treasury, from Nov 1st 1862 to December 31st 1863 - inclusive -

B.

Statement of Warrants issued from November 1st 1862, to Dec 31st 1863, inclusive -

C.

Statement of Amount of Taxable Property, as per returns made by County Auditors for 1863.

D.

Condensed Statement of Balances in the several Funds Dec 31st 1863.

E.

Estimate of Receipts from all sources of Revenue for the year 1864.

F.

Estimate of Expenditures for the year 1864.

G.

Total amount of Warrants issued since the Commencement of the Territorial Government, to Dec 31st 1863, inclusive together with the amount paid to above date

It will be gratifying to your Honorable bodies to observe the increased prosperity of the Territory during the past year, as evinced by the augmentation of the assessed value of the real and personal property,

and a corresponding increase of the Revenue. The total amount of taxable property for the year 1862 was \$9,692,300.05 and the Territorial proportion of taxes arising therefrom \$38,796.20 — For the year 1863 it is in round numbers \$25,588,423.37 and the Territorial proportion of taxes is \$127,942.11, an increase of over two hundred per cent —

Under the present law, the Territory has but one source of revenue, viz., one half of one per cent on the taxable property of the Territory, and quite a large proportion of that is absorbed by the various County officials, in assessing, auditing, collecting and disbursing the revenue —

I would recommend to your consideration the propriety of so amending the Revenue Law as to free the Territory from all expense of this nature — In order that you may be convinced of the necessity of this, and see at a glance the large expense the Territory incurs from these sources, I have appended a table to this report, showing the amount of taxes due the Territory from each County for the year 1862, and the expenses paid by the Territory to the various County Officials, together with the actual amount that found its way into the Territorial Treasury.

I would also recommend that Section thirty three "of the Revenue Act" be so amended as to read:

"Second Monday in December" instead of "January." As it now reads it utterly precludes the possibility of reporting any money in the Treasury.

at the time of the convening of the Legislature. If amended as I propose, it will enable the Treasurer to report a considerable amount in the Treasury at the close of the year. I trust this will meet with your approval as it will very materially aid both the Treasurer and Auditor in making future reports.

I would also call your attention to a suggestion made by my predecessor in his last report relative to the Territory being entitled to a portion of the "Poll" and "Licence" Tax. I fully agree with him that our revenue law was intended to be similar to that of California - which directs that fifty per cent. of the Poll Tax shall be paid into the State Treasury and forty per cent. into the County; also that one half of the Licence Tax shall go to the State and the other half to the respective Counties in which the licences are issued.

The present source of revenue is entirely inadequate to carry on the machinery of the Territorial Government. With the revenue that would accrue from a portion of the Poll and Licence Tax the outstanding indebtedness could be liquidated and a balance remain in the Treasury for future use.

You will see in the tabular statement of the receipts from all sources, that Lyon is the only County that has enforced the Sunday law.

By so doing she has increased the School fund to the amount of \$1,023.10. The Act entitled "An Act for the better observance of the Lords day as it now stands upon our Statutes"

is totally inoperative. I recommend that the Prosecuting Attorneys be instructed to enforce the law, so that if men will openly violate it, they may do so for the benefit of the cause of Education — Had it been enforced in all the Counties as in Lyon during the past year, it would have increased the School fund at least six thousand dollars.

You will also observe that the two per cent on the Gross Proceeds of all toll Roads and bridges, has been quite a source of revenue to the School Fund. I regret exceedingly that I am unable to report a larger amount; but I have labored under the difficulty of not having a complete list of all the entered Roads and bridges in the Territory, and the address of the proprietors —

I have endeavored to obtain this information from the several County Officials, but thus far without success. In two instances, the proprietors have refused to pay the tax — on the ground that it is unconstitutional, and in one instance that it caused them to expose their business every quarter — I have had an agreed case against the Leiger & Tilton road submitted, as a test case to Judge North at the present term of Court, in Washoe County.

I have as yet heard nothing from it. When I do, I shall submit it to your Honorable bodies —

As regards the tax levied by the last Legislature upon the "Gross Proceeds of the mines" I have nothing official to report, except that I am informed by the Deputy Assessor of Storey County, that the —

assessment has been made, but nothing collected, as it is proved to resist the law.

The total amount assessed in Storey County is \$4,907,121.27 —

According to the official reports of the Gold & Currency and Public Mines their gross proceeds, for the past year were over \$5,600,000 — You will no

doubt give this the consideration it deserves.

You will see by the particular statement, that the entire revenue, of 1863 will be absorbed, in payment of the outstanding indebtedness, still leaving a balance unpaid of about fifteen thousand dollars —

This indebtedness, together with the current expenses of the several Departments of the Territorial Government for the year 1864, cannot be paid until the revenue of the present year is collected, which under the existing law, cannot be done till January 1865.

This you will readily perceive is damaging in the estimate to the credit of the Territory, as many holders of warrants are compelled to put them in the market, where they are eagerly bought up by "Sharps" at a ruinous discount.

Another objection to this system of drawing warrants on the Treasury when there are no funds therein, is that the Territory pays two or three times for everything aside from salaries —

In order to remedy this, I would recommend to your Honorable bodies the propriety of putting the Territory upon a cash basis —

To do this, I recommend that bonds to the amount of fifty thousands

dollars be issued from time to time as the necessities of the Territory may require. These Bonds, I think could be negotiated in San Francisco on favorable terms -

I trust this suggestion will meet with your approval, as it will at once relieve the embarrassed condition of the Territory, and place the warrants nearly or quite at par -

I am of the opinion that a considerable source of revenue might be derived from the incorporation of mining and other companies -

The only fees now paid by such persons, go to the Secretary of the Territory, as perquisites of his office.

Should you fix a fee, say of twenty dollars, upon all companies filing articles of incorporation with the Territorial Secretary - to be paid into the Treasury. I think there could be no objection to it.

The Auditors and Treasurers Departments are very much in need of "safes" for the protection of their books and papers - The offices are in a building wholly unprotected from fire, and in such an event it might be impossible to save them -

If it meets with your approval I trust you will make an appropriation for the purchase of a suitable safe for each Department -

I also recommend that you make a special appropriation for official advertisements; I am now obliged to draw warrants for that purpose upon the "Contingent Fund" for Executive as they all emanate from that Department in the way of Election and Thanksgiving Proclamations, etc -

I think that \$15000-
would be sufficient to defray all
expense of that nature for the
present year.

The Territorial Auditor
by virtue of his office is Terri-
torial Librarian. During the
past year, I have had a room
fitted with shelves in the rear
of my office, and the books re-
moved there. There are about
Six Hundred and fifty Volumes -
Mostly Congressional and State
Documents, in the Library.

Congress at its last Session
made an appropriation of twenty
five thousand dollars for the pur-
chase of books, but the money
has never been received.

Very Respectfully
Your obedient servant
W. W. Ross -
Territorial Auditor.

The Speaker presented the following communication -

To the Hon Speaker of the Assembly. - At the general election held in Sept 1863 for County and Legislative officers, the Proclamation of the Governor omitted to include the officers to be elected in and for Roop County -

An election nevertheless was held wherein the undersigned was duly elected to represent the County of Roop in the Legislative Assembly by a majority of the Electors of the County.

Deeming that as a matter of justice and right, to the citizens of Roop County, should be entitled to representation and that I have been legally elected

I claim in behalf of my Constituency, the to a seat in the Assembly and respectfully ask the immediate consideration of your Honorable Body to the investigation of the subject -

Respectfully,
John C. Partridge -

Mr. Gillespie moved the communication be referred to the Committee on Privileges and Elections - Carried and so referred.

The Speaker announced the hour had arrived when the House should consider Special Orders -

Mr. Clagett moved the House now resolve itself into a Committee of the whole on the special order of the day - Carried -

Mr Gillespie called to the Chair -

The House went into a Committee of the whole on the concurrent Union Resolutions of the Council -

Mr Gillespie reported that the Committee of the whole have had under consideration - Council Concurrent Union Resolutions -

Had gone through them with - had made some amendments thereto and directed their Chairman to report the same back to the House & recommend their adoption

Reading of the Resolutions as amended by the Committee of the whole -

1st That under God the highest allegiance of the American citizen, whether in State or Territory, is due to the Federal Constitution and the Government established under it; and that this Constitution confers on the Federal Government full power to maintain and perpetuate its existence; and whenever the people of any State or any portion thereof attempt to secede from the Federal Union, or forcibly resist the execution of its laws, it is the duty of the Federal Government by warrant of the Constitution, to employ armed force in compelling obedience to its authority.

2nd That growing with our growth, and strengthening with our strength is an unflinching

faith in the ability, of the General Government to crush out every trace of Disloyalty in the Rebellious States to beat down with the mailed arm of the Republic, Treason, wherever it raises its head in defiance;

To maintain, unbroken, the boundaries of its empire - and undisputed the supremacy of its rule; to restore to peace, harmony, and Union a brave and war worn people; and rear the Standard of its authority over every foot of the Rebellious States -

3rd - That we have an abiding confidence in the ability, honesty, and patriotism of Abraham Lincoln, President of the United States, that we endorse the great acts of his Administration, and as the National Administration is the executive representative of the Government, upon which under the Constitution devolves the duty of preserving the integrity of the Federal Union; And as this duty cannot be successfully performed without the cordial support of the people of the Loyal States -

We therefore pledge to the support of the Federal Administration our united aid in suppressing the present infamous Rebellion and enforcing the laws at whatever sacrifice of blood and treasure, declaring that the Federal Union shall not be dissolved - and that the old flag shall never be lowered in the face of the Union's foes.

4th - That in sympathy with every loyal American, we con -

denon and deprecate the attempt of the Emperor of France to seize upon and destroy, without excuse or justification, the Government of a distracted neighboring Republic, and upon the ruins of a free system rear a monarchy at the very threshold of the United States; and that we most earnestly approve the attitude of the Administration in its protest against this unprovoked and unjustifiable usurpation, and in its manifest determination to enforce, in spirit and in letter, at the earliest practicable moment, the cherished principles of the Monroe Doctrine.

5th That the rebellion had its origin in an unholty ambition and lust for Power: is antagonistic in its spirit to Constitutional liberty and free Government - and at war with the hopes and happiness of man; that our hostility to treason whether North or South, whether in word or in arms, is manly - and uncompromising, and our hope is that the sword of the Republic may not be sheathed until treason kneels in submission disarmed and defenceless.

6th That we reaffirm our fidelity to the Federal Government, and our devotion to its flag; and, in the name of the people of Nevada, we pledge to their preservation and defense the wealth of our hills, the strength of our arms, and the loyalty of our hearts -

All of which is most respectfully submitted -

3.

Adopted.

Mr Clagett asked leave to
place upon the Journal the following
Explanation. Leave granted.

I vote against the 3rd Resolution because 1st I do not believe that the resolution as it now stands, is responsive to the Union Sentiment of the Territory. And because although I am a firm and consistent supporter of the Federal Government and Administration against all of the enemies whether foreign or domestic, yet there are some measures of the Administration that may be called its "Great Acts" of which as an intelligent Citizen, I disapprove, believing them to be both unconstitutional and inexpedient. 3rd Because I believe the passage of the resolution threatens the dissolution of the Union party in the Territory, and the transfer of its political destinies to men, upon whose patriotism and wisdom I cannot rely.

Yrs H. Clagett.

The vote was then taken on the 1st, 2nd, 4th, 5th and 6th Resolutions.

Ayes Mr Barclay, Calder, Clagett, Currier, Dean, Dixon, Elliott, Fisher, Gillespie, Gore, Heaton, Hess, Hunter, Jones, McDonald, Nelson, Phillips, Rogers, Stewart, Thunant, Trask, Mr Speaker.

Mr Ugar asked leave to spread an explanation of his vote upon the Journal -

The Speaker announced the Courtesy of the House would be extended to Mr. Ungar until the minutes are read tomorrow morning to explain his vote, and have the explanation placed upon the Journal.

Mr. Ungar's Explanation:

I have voted no because I verily believe the original resolution expresses the sentiment of the people of this Territory more direct than the Amendment, and while I admit that the Constitution of the United States is the best guarantee we have for the perpetuation of our Liberty. I must also confess that this Constitution did not prevent Secessionism. The Federal Government is through its honest and successful efforts to combat secessionism is entitled to the allegiance of every American Citizen.

The Speaker announced the presentation of Petitions - next in order.

Mr Gore presented the following petition -

To the Honorable Council and House of Representatives of Nevada Territory, in Legislative Assembly, convened. The undersigned Citizens of said Territory, resident in Washoe County, respectfully represent that the two terms of the District Court now held in said County, are entirely inadequate for the transaction of law business of said County. That half of the cases on the calendar, at the commencement of the term just closed, still remains not disposed of.

Although said term continued for eight weeks. That so long, terms are wearysome and harassing to the jurors, and to litigants.

And that more frequent terms would conduce to the more prompt administration of justice and to the convenience of all parties.

Therefore they pray that your Honorable body will by law provide for four terms of said District Court to be held in each year in said County, and as in duty bound will ever pray, &c.

Mr Barclay presented the

following petition.

To the Hon Council and
House of Representatives of Nevada
Territory - We the undersigned
residents of Sander + Esmeralda Coun-
ties Nevada Territory respectfully repres-
ent unto your Honorable Bodies -

That a very large portion of the
Southern part of Sander County is
far removed from the seat of justice

That the Northern part of
said Southern portion of Sander
County, "to wit", The towns of San
Augustine, Washington etc. etc.

Are distant at least forty miles
from the County seat of Sander Coun-
ty, And the extreme portion of
the Southern part at least twenty
miles.

That in consequence of the
entire absence of the officers of the law
the whole of said section of Country
would be entirely lawless, were it
not for voluntary obedience of
the residents therein to the laws of
the land.

That the extreme
eastern portion of Esmeralda Coun-
ty adjoins on the said Southern por-
tion of Sander County, and is in
the same condition, as far as the
entire absence of enforced laws is
concerned.

Besides being separated
from the County seat of Esmeralda
County by the desert and a distance
of about one hundred miles

That within the said South-
ern portion of Sander County, and
the said eastern portion of Esmer-
alda County are contained, The
Washington Mining district, The
Union Mining district - The Marys-
ville Mining district - The Santa Fe
Mining district - The San Antonio

mining district. The Barren Park
 Mining district The Mammoth
 Mining district And the Santa
 Clara Mining district -

x That the discoveries of
 mines and the location of farms
 within the above country have been
 very numerous - And the country
 promises to be exceedingly populous
 and prosperous - That the pop-
 ulation of the same numbers at
 least one thousand.

Therefore your petitioners
 pray that the following may be
 set apart as a distinct County
 with a full County organization
 and officers to wit. Commencing
 at the Black Point of rocks, on
 the East side of Reese River valley
 about four miles South of Big
 Creek Canon. Running thence East
 to the Eastern boundary of Nevada
 Territory, Thence South along said
 Eastern boundary to the thirty
 seventh degree of North latitude
 Thence West along said 37° degree
 of North latitude to the point of
 intersection with the forty first
 meridian of Longitude West from
 Washington, Thence North along said
 41st meridian of Longitude to a
 point due West from the place
 of beginning - Thence East to
 the place of beginning.

Referred to the Committee
 on Counties and County Boundaries

Mr. Trask offered the
 following Petition

To the Legislature of Nevada

Territory - The undersigned residents and persons doing business in Nevada Territory would respectfully represent - That the present Attachment law of this Territory is a species of local legislation in favor of a particular class - debtors - and is often used by that class as an engine of fraud - to the great injury of another class - their Creditors -

That in a country where the floating population is as large as it is in this Territory the true interests of this community demand a more stringent Attachment law than is considered necessary in communities where the population is settled and fixed -

That we have felt the inconvenience of the present Attachment law, & in many cases suffered pecuniary loss in consequence of the facilities it affords dishonest debtors in defrauding their Creditors - We would therefore petition your Honorable Body that it be changed & made to assimilate to the present California Attachment law -

Signed by 29 names -

Mr Dixon moved it be referred to the Committee on judiciary -
So Referred.

Mr Calder offered the following remonstrance.

To the Governor and Legislative assembly of the Territory of Nevada.

The undersigned

citizens of Camarillo County learning that an attempt is being made to form a new County in the Territory of Nevada. And for that purpose to deprive this County of a portion of its present Territory would earnestly remonstrate against such a measure — The County is

now organized requires all of its taxable property to meet its wants,

And the proposed division, would take off the largest agricultural portion of the County, upon which it is dependent for support —

And also the Exclusion Mine's owned chiefly by residents of Aurora,

which look to that place for supplies, and to which there is the only acceptable road.

Referred to the Committee on Counties and County Boundaries —

Leave granted.

Resolved, by the House the
Council concurring, that the Governor
be and is hereby authorized
to appoint two suitable persons
to present the following Memorial
to the Legislature of the State of
California at its present Session.

To the Honorable the Legislature
of the State of California
Members of the Legislative Assembly
of the Territory of Nevada.

Respectfully Represent. That two
years ago in the infancy of the
Territorial existence of Nevada,
her citizens solicited the State
of California, through her then
Legislature, to consent to a
change of her Eastern Boundary,
so that the summit of the lofty
Mountains intervening should
constitute the dividing line between
your State and our Territory.

Mountains where they exist
are naturally appropriate Bound-
aries between States and Nations.
And this acknowledged fact, we
presume, induced Congress in
framing the Organic Act of Nevada
Territory to fix such as the Bound-
ary line between you and ourselves.
We believe then that the
interest and convenience of the
two jurisdictions required the adop-
tion of the line designated in
that organic Act.

Two years of experience since have confirmed our then impressions and, therefore, the citizens of Nevada, your fellow citizens in the brotherhood of a common country, do again respectfully ask you to consent to this natural dividing line.

The interests of this Territory and of your ~~State~~ are so naturally blended, that it seems to your Memorialists this request should not be refused.

The only productions we export the rich treasures of our mountains find and always will, their way into the lap of California, and then receive refinement and finish before passing into those channels of trade wide and varied as the commerce of the world. Your Memorialists

would call attention to the great efforts and large amount of money fruitlessly expended by both your State and our Territory to ascertain where the line of division really is, as established by the Constitution of your State. Mountain heights

and extensive deserts, the frosts and snows of winter, and the almost unendurable heat of summer together with the absence of water over those long miles of sandy deserts seem to forbid the completion of this labor.

We would also call the attention of your State to the fact that more than eighty thousand dollars have been expended by the General Government to fix and establish your Eastern Boundary.

This sum added to that recently laid out by your State and this Territory would exceed one hundred thousand dollars —

and yet the work is not completed and, if it were, still under the arrangements existing, it would not in fact or in law be binding upon either. for the reason that the General Government is not a party to the survey.

For the purpose, then of avoiding further outlay and making certain and permanent that which is essential to the peace, ~~and~~ good order, and prosperity of both State and Territory. We respectfully ask that the above designated line may be established.

One of the principal objections urged against our former request was, that the Territory which was the object of our desire having been included within the limits defined in the Constitution of California, the Legislature had no power to reduce any portion thereof thus included to a Territorial Condition.

But your Memorialists now hope and expect that this objection will be fully answered at the time this question shall be determined by your Honorable body by our having passed from such Territorial Condition to the equality of a Sovereign Ripe State -

Your Memorialists confidently suggest that the Constitution of the United States provides for just such alteration of Boundaries between States as we ask.

But in forming a Constitution for Nevada the State Convention adopted the present eastern Boundary

line of California as the western boundary of Nevada until such time as California shall relinquish the right of jurisdiction over that portion of Territory lying east of the summit of the Sierras, in pursuance of the Act of Congress organizing Nevada Territory (see laws of the United States, Statutes at large, Vol 12, page 209. Sec 1.)

We submit that your Honorable body has full power to grant the consent of California to the proposed line.

As before remarked the Constitution of the United States, which is the supreme law of the land, expressly confers the power on the Legislatures of the several States to change their boundaries with the consent of Congress. (See Article 4 Section 3. Subdivision 1. United States Constitution.)

In this instance the consent of Congress has been already given, as will be seen by inspection of the organic Act of Nevada before quoted. All that is now necessary to be done is to obtain the consent of the Legislature of California.

The Constitution of California is of course subject to that of the United States; for in all things where the Constitution of the United States has conferred upon Congress, in connection with the State Legislatures the power to pass laws, those laws are supreme.

We would further submit that on examination of authorities it will be found that no question of power has ever been raised on the adjustment or alteration of boundary lines,

when Congress and the interested States by their Legislatures have concurred.

For all practicable purposes, the adjustment in this case is simple —

California means only to limit her County and district organizations to the Summit of the Mountains. Nevada will not entertain jurisdiction beyond the line so agreed upon —

Your Memorialists further respectfully represent that States as well as individuals, ought to consult the convenience of other Communities, and are not at liberty to compel them to undergo hardships, inconveniences and fatigues in the exercise of their business pursuits nor to cross almost insuperable barriers for political association or protection.

The products of the eastern slope of the Sierras find their market in the valleys and mining towns of Nevada the population of which rely for their business connection upon each other, and with unanimity desire politically to have no other associations.

We submit that something is due to the suggestion of Congress upon this subject —

In looking over the geographical character of this portion of our wide Nevada domain their minds dwell upon the eternal snows of this great natural boundary;

they understood that a people inhabiting either slope

would naturally seek associations with and claim protection of the several governments with whom they were in daily communication;

And that the safety and well being of the citizens demanded such division. Your Memorialists

beg once more to suggest to your Honorable body that circumstances even at the time when the attention of your State was first called to this question, demonstrated the wisdom of Congress. The winter

of 1861 and 1862 was remarkable for its severity. The mountain quincy months being impassable for any kind of vehicles. At this critical period alarming Indian difficulties occurred within the known and acknowledged limits of the State of California.

Here citizens appeared to the State Government for protection; they asked arms for their defense, yet none could be furnished for the reason that the

channels of communication were blocked up. Men and arms had to be furnished from our Territory. Your Honorable Body cannot be unaware of the fact that the trouble and expense of collecting taxes on the eastern slope of the Sierras amount to more than is realized to the revenue of your State thereby.

You will pardon us for suggesting as an additional reason for granting our prayer that the protection of life and property of our fellow citizens of both California and Nevada

absolutely requisite. Justice when delayed in Administration is often defeated.

During the Winter season when the snows on the mountains render them impassable, the officers of the law however willing and anxious, are unable to perform their duties.

The consequence is, Crime remains undetected, and goes unpunished.

The law is brought into contempt and trampled under foot. Your Memorialists entertain the opinion that the interests of both State and Territory will be greatly enhanced by such action as they ask on your part. Your State will

thereafter, as now, be gigantic in her proportions, larger than most or any of our sister States —

Incomparably great in her mineral, agricultural, and commercial wealth, and from the summit of the Sierras, your natural Eastern boundary, to the sea, will embrace more surface than many of the Kingdoms of the old world.

Besides all will know and understand, Citizens and Strangers, as they trace the water courses, whether they are in California or Nevada, and no uncertainty will exist as to where to apply for justice.

Your Memorialists are not unmindful of. nor do they intend to disguise the fact, that the Territory the people of Nevada are anxious to obtain will be an acquisition of great importance in many points of view.

Still, beyond any of these
they value the symmetrical Boundary,
for its definiteness, its permanency,
and its immutability of Character.

By acceding to our request your
action will make symmetrical, what
is not so now. You will at the
same time comply with the recom-
mendation of the General Government,
and unite thereby the two States,
California and Nevada, in the
Bonds of an indissoluble interest
and unity. Across this most
fitting boundary, erected by the
hand of the Almighty, to which that
All May see it from the distant
plain. So strong and enduring,
that none can obliterate or destroy it.
Its Base resting on earth's center,
its Summit piercing the clouds,
as sisters in peace, Sisters in war,
cemented by affection, and bound
irrevocably by the ties of a com-
mon interest.

 alda road thence in a North
 easterly direction to Como in
 Lyon and Palmyra districts.

The Petition ordered to lie on the table.

The Speaker announced Reports of Standing Committees next in order -

Mr Stewart from the Committee on Internal Improvements and Ormsby Delegation presented the following report:

Mr Stewart reported that the Committee on Internal Improvements and Ormsby Co Delegation have had under consideration the Council Bill No 24 entitled An Act granting certain parties the right to construct and maintain a Toll Road from the Timberlands east of Lake Tahoe to Virginia, and have directed an unfavorable Conclusion thereon and directed their Chairman to report the same back to the House and recommend its rejection. Mr. Stewart, W. H. Brumfield, S. E. Jones, Benj Butler -

Mr Calder presented the following Minority Report.

The minority of the Select Committee to whom was referred Council Bill No 24, entitled An Act granting to certain parties the right to construct a Toll Road from the East shore of Lake Tahoe to the Opair Grace or Virginia City - Report thereon as follows -

That said road if constructed would be of great public utility by making accessible to the Public use all that vast body of timber lying between the summit of the East range of the mountains west of Eagle valley and Lake Tahoe and south of the south end of Washoe valley covering an area of more

than 40,000 acres of the best timber land in the country. That by the construction of said road Carson City would be brought within eight miles of the center of said timber, and the mining region from American Flat to Virginia City, twelve to fifteen miles from the same. That at present a very small portion of said timber situated in the south end of Washoe valley, is accessible, and even that to reach the market in the mining region about Virginia City, Gold Hill, and Silver City, has to be hauled more than twenty miles, and a portion of the way over heavy roads.

Your Committee further represent that there are now several saw-mills in the south end of Washoe Valley, and upon the completion of said road, many more would be erected in the mountains.

That as a consequence additional supplies of lumber would reach the markets in every town from the Capitol to Virginia City. That the mining interest would also be greatly promoted by an additional supply of mining timbers and fuel.

Where we observe that more than twenty five miles in distance between the timber region and the place of consumption of such a vast quantity of timber, is annihilated by such proposed road, with the probability of obtaining a road of equally easy transportation as those now used, the importance to the public of granting the franchise is at once made manifest. But it is objected that the grant of this franchise would interfere with franchises previously granted. More than a year ago

a franchise was granted, covering a portion of the route of the present proposed road. The parties holding that franchise do not appear to resist the grant of this, being fully satisfied that to make the route a complete one and of value, it is necessary to add the part south of the Lakeview House and extending into the timber. We are advised that if that road is built it will be under this franchise, and on that account the parties in interest are not objecting to this Bill.

This Franchise cannot interfere with the one passing through and known as the Kings Cañon road.

1st This timber road at the point of starting, is not allowed to come within half a mile of the Kings Cañon Road.

2nd That crosses the mountain 11 miles south of Carson, this 3 or more miles north.

3rd The first, in its great length, keeps on the East side of the Mountain, the other on the west, — and for more than ten miles along the line of said roads, it would be almost impossible for a footman to pass from one side to another on account of intervening mountains — the distance at the extreme divergence being more than six miles —

But it is said, that in good faith the Kings Cañon Road is entitled to have the timber in the mountains west of Carson brought over it — All the timber on the eastern slope of the mountains would ordinarily pass over the Kings Cañon Road; but the to —

topography of the country makes it impossible to build a road connecting that road with the timber west of the mountains, nearer than the head of Clear Creek 10 miles distant from Carson; then, to get to the heart of the timber would require a road eight miles in length placing the center of the timber belt west of the mountain, at not less than 18 miles from Carson and more than 30 miles from Virginia City Gold Hill and the mining action - by the Kings Canon Road. In our opinion the Kings Canon Road was not constructed with reference to the timber, but to accommodate the travel over the mountains which it must ever control owing to its commanding position.

It would be an unjust fostering a monopoly to prevent the construction of roads to the timber lands by compelling the hauling of fuel and timber double the distance necessary, merely to enrich the holders of a particular franchise. Surely such a thing could never have been contemplated in any grants of franchises heretofore made -

The intimation made in the points filed with the Committee, that the objects of procuring this franchise was merely to throw black mail upon other roads - hardly needs a serious consideration.

Such intimation carries with it the inference that the companies owning the other roads, have more nearly their personal interests in view than the public good and notwithstanding the ruinous results to the public they are ready

to enter the market, for the purpose of preventing improvements that must redound to the benefit of every section of the Territory -

The undersigned therefore recommend the passage of said Bill

All of which is respectfully submitted

J. C. Calder

Robt Fisher.

to exclude Traitors and alien En-
emies from the Courts of justice, do
report that the Committee having
duly considered the same he is
instructed by a Majority of said
Committee to report the Bill back
to the House and recommend
its indefinite postponement
for the following Reasons -

1st It seems to your Committee
to be a clog in the wheel of speedy
Justice of doubtful utility - Every
defendant desirous of trifling with
the Court and harassing his adver-
sary would take advantage of its
provisions, and less likely to the
Public good than otherwise -

2nd It discriminates between
Natural and artificial persons -
The latter embracing almost
our entire population and could not
practically be included in its
provisions

Respectfully Submitted W.H. Brumfield
Chm.

of the Council - Robt Fisher -

That among the bright
examples of Patriotism sprinkled
like the stars of Heaven over
the history of our Nations trials
none shine with brighter luster
than those of the noble men in the
rebellious States who, born and
reared amid the institutions of
Slavery with their social and finan-
cial interest as closely interwoven
in its existence as the warp and
woof of human destiny, and -

with the graves of Anarchy and rebellion threatening them with destruction have steadfastly adhered to the flag of their Fathers saying let Slavery perish rather than one bright star should cease to light the path Freedom on one stripe to flaunt defiance to despotism and Tyranny and that on the other hand we recognize the lowest type of Treason to humanity and our Country in that class at the north who basking in the sunshine of free institutions while the fires of discord and rebellion ("in imitation of the type of their party") are hissing destruction to the life and honor of a Nations existence have said let the nation perish rather than Slavery suffer in the contest. And that while we consign the memory of one to its urn, in the hearts of a mighty people to be encircled with the Halo of a nations glory and sung in the Psalms of a nations praise, the memory of the other like that of Benedict Arnold and the Cow-Boys of the Revolution will be buried in infamy and disgrace.

The undersigned members of the Special Committee to whom was referred the petition of Citizens of this Territory praying for the removal of the Toll gate known as the Devils Gate Co's Gate at the half way house in the

Ormsby and Lyon Co^s have had the same under consideration, and have examined the facts, from which they find that said Company are the owners of the road known as the Mc Donald Toll Road from Carson to said Halfway House where it intersects the Toll Road of said Company leading to Carson. The Company has no other Gate than the one complained of which serves for both Road, and that said Gate is an obstruction to a very short distance of the old Road. That to establish two Gates would be injurious to the public, expensive to the Company - While it would not avoid the toll or open any free road. Your Committee therefore respectfully report back the petition and recommend that the prayer of the petition be not granted.

On leave Mr Gore from the Special Committee presented the following report

Mr Gore reported that the Special Committee to whom was referred the charges of disloyalty made against

R. M. Wilson Recorder of Mono County California report the charges unsustained. The only proof produced to sustain such charges was a statement from several citizens of Aurora "Not sworn to" that the said Wilson was a democrat - Numerous affidavits were laid before us stating positively that the said Wilson ever has been and is a loyal citizen of the United States in favor of the vigorous prosecution of the war and a good union man also that he was elected to his present office by union men and on the Union Ticket -

We therefore declare that R. M. Wilson is freed from all suspicion of disloyalty. Your Committee further find that the gentleman from Esmeralda Mr Hess. in making the statement on the floor of this house that Mr Wilson was not a loyal man, made such statement under a misapprehension of the facts -

And upon statements to that effect made by parties to him which he was bound to accept as true until explained away or contradicted by reliable testimony.

W. Gore - Chairman

the Lander Delegation presented the
following report.

Mr E. C. Dixon from the
Special Committee composed of the
Lander Delegation to whom was referred
Council Bill No 84 Entitled "An
Act to Supply the Towns of Austin and
Clifton with water," herewith submit
a separate report recommending the
passage of the Council Bill for the
reasons to wit: 1st That the Grantees in
said Bill are personally known to the
undersigned, to be men of ability and
means to successfully prosecute and
complete the work 2^d That the point
from which the Grantees propose to take
the water to supply said Towns, is the only
point from which a sufficient quantity
of water can be obtained; and that they
are the only legal possessory owners of the
land upon which the Springs and fountain
head is located, 3^d That any other franchise
would be inoperative and fail to sufficiently
provide for the wants of the People as to
the supply of water; and could not be done
without trespassing upon vested rights,
4th Said Bill has already passed the
Council, and unanimously endorsed
and favored by the Lander Delegation in
that Body - Respectfully

E. C. Dixon Chairman

Message from the Council -

Council Chamber July 12th 1864

Mr Speaker - I herewith return House Bill No 63 An Act to incorporate the Virginia City and Daytown

railroad Company the same having been indefinitely postponed by the Council —

Mr Speaker — Council Chamber ^{Sept 12} 1864
 Sherwith return to
 your Hon House the following Bills
 The same having passed the Council —

Council Bill No 64
 An act amendatory of and supplemental
 to an act establishing a common school
 system for the Territory of Nevada —

Also House Bill No 112 An act amendatory of and supplemental to an act entitled An act granting Moses Job and Emanuel Perrod and others the right to construct and maintain a Toll Road — Also House Substitute for Council Bill No 21 — An act

amendatory of an act to amend an act entitled An act establishing a common school system for the Territory of Nevada approved Nov 29th 1861 Approved Dec 20th 1862 —

House Bills No 112 and 21 were ordered Enrolled. (Council Bill No 64 transmitted by mistake) Council Bill No 147 "An Act Granting to L. B. Moore his associates and assigns the right to construct and maintain a Toll Road — read first and second time and referred to the Committee on Internal Improvements

Mr Speaker announced notice of Introduction of Bills next in order

Mr Clagett gives notice that he will at some future day ask leave to introduce a Bill entitled "An Act to remove the Capital of Nevada Territory to Virginia City in Storey County". Mr Heathon from the special joint Committee on Revenue presented the following Report —

We the undersigned members of the Joint Committee of both Houses of the Legislative Assembly of the Territory of Nevada to whom was referred the Revenue bill with instructions to report a bill taxing all property equally including the Mines beg leave to make the following Report. We have been unable to make a unanimous Report therefore we are unable to report a bill touching the manner of Taxation - The Committee agree (except one) that it is practicable and just to raise revenue from the Mines but what line of Policy shall be adopted to raise said Revenue cannot be determined by your Committee therefore we the undersigned in accordance with our views and your instructions report the following Bill as a substitute for the original bill reported by the Committee on Ways & Means
 M. Keaton, R. M. Daggett O. K. Sturtevant
 W. H. Brewsterfield

We concur in the above report so far as the above states the inability of the joint Committee to come to any conclusion as to the mode in which Revenue shall be raised from the Mines but do not concur in that portion of the report that states that the Committee agreed that it was practicable and just to raise Revenue from the Mines, that is to say by taxing the mining claim itself as property and embracing all mines and mining claims productive and nonproductive, developed and undeveloped - as in contemplation in the Resolution instructing the joint Committee as to the character of the Bill they should report. We further take this occasion to state that in our judgment such a -

Course as that last above mentioned is both impracticable and unjust and in direct contravention of the wishes of the people of this Territory as expressed at the last election. We would recommend that a Revenue be raised from the mines by a light Tax on the gross proceeds of all mines and Mining Claims in the Territory with such Amendments to our present Revenue Law as will make such Tax uniform with the rate of Taxation on other property with such further Amendments to said Law as will secure the Collection of said Tax —

Message from the Governor

Executive Chamber

Territory of Nevada

Carson Feb 16th 1864

To the Hon

The House of Representatives of the
 Territory of Nevada

I have this day approved and signed
 Bills of the following Titles - (viz.)
 "An Act. Prescribing the manner of Com-
 mencing and maintaining Actions by or
 against Counties" A. B. No 10 - "An
 Act to supply the Town of Carson
 City with Water" A. B. No 96 - "An Act
 to legalize the assessment of real and
 personal property as made by the
 Board of County Commissioners of Lyon
 and Churchill Counties for the year
 A. D. 1865" A. B. No 55 - "An Act for the
 relief of Michael Kelley" Constable for
 Carson City Township Ormsby Co
 N. T." A. B. No. 28 - "An Act amendatory
 of An Act defining the Judicial
 Districts fixing the Terms of the Supreme
 and District Courts of the Territory
 locating the County Seats of the several
 Counties of the Territory and providing
 for the transfer and trial of actions
 Approved Nov 29 1864" "A. B. No 16
 "An Act to incorporate the City of
 Star in the County of Humboldt"
 A. B. No 150 - "An Act allowing
 D. C. Partridge a per diem compensation
 as representative from the County
 of Ross" A. B. No 149 - "An Act to pro-
 vide increased compensation to the
 Governor of the Territory of Nevada
 "An Act to create the County
 of Nye" "An Act for the relief of
 Mason and Huff" "An Act to admit
 the claim of Thos. C. Nye and to
 provide for the payment of the same"
 "An Act for the relief of E. B. Rail"
 "An Act amendatory of An Act entitled
 An Act extending the jurisdiction of
 the Probate Courts of this Territory"
 "An Act for the relief of Mr. Will Starleigh
 and John S. Ward" James W. Nye
 Governor of the Territory of Nevada - I also

return herewith to your Hon Body without my approval. "An Act providing for the order in which Territorial and County warrants shall be paid and the rate of interest they shall bear". I withhold my approval for the reason that the Bill provides for the payment of interest on all warrants heretofore drawn as well as those hereafter to be drawn. I consider the payment of interest on the outstanding warrants wrong in principle and unjust to the taxpayers of the Territory. Of the many outstanding warrants are held by the persons to whom they were issued, but have been purchased at a large discount by the now holders, and for the reason that they did not bear interest.

James A. Fye Governor of the Territory of Nevada. On motion of Mr Gillespie the Bill, together with the message, was referred to a Special Committee of three composed of Messrs Gillespie, Fisher and Stewart.

Council Chamber Feby 20 1864
Mr. Speaker

I herewith transmit to your Hon. Body House Bill No 225. The same having passed the Council without amendment Bill ordered enrolled -

Message from the Governor.

Territory of Nevada
 Executive Department Carson July 20th 1874
 To the Hon. the House of
 Representatives of the Territory of Nevada,
 I herewith return.

without my approval a Bill entitled
 An Act to incorporate the Virginia and
 Crystal Peak Railroad Company.
 I withhold my approval for two rea-
 sons first the Bill if approved
 would be valueless in the hands of
 the Incorporators by one of its own
 provisions. I refer to the latter
 clause of section first which reads
 as follows - "provided the said
 road shall not run between any
 points named in - and shall not
 interfere with the provisions of any
 Act granting a Rail Road franchise."

It will be seen by reference to
 the laws of 1862 Page 168, that by
 the provisions of "an act" to incorporate
 the Virginia and Truckee Rail Road
 Company approved Dec 20th 1862,

that a franchise was granted be-
 tween Virginia City x x x x x by the
 most practicable Route by the
 way of Washoe City to whatever
 point the said Company may re-
 lect on the Truckee River thence
 from said point in a westerly di-
 rection to the Boundary line be-
 tween this Territory and California.

It is apparent that the route
 starts from the same point and
 ends at or near the same point.
 or at least would have to go side
 by side with the before Chartered
 Road for several miles. On the Truckee
 River until it reached the station
 of California which by the terms of
 the Bill would render it inoperative -

The only result would be a long and tedious litigation between the two Companies tending to delay if not absolutely defeat the completion of this most needed work. — I think no one can fail to see, it is a plain infringement upon the rights of the Company holding the former Charter.

Again the Bill under consideration authorizes the construction of several miles of road without the boundaries of the Territory.

Thereby apparently conferring a power to construct a Rail Road where the Legislature have no jurisdiction which of itself would be sufficient to withhold my approval. — from the number of private franchises granted (clearly within our Territory) I deem it unnecessary to invade the jurisdiction of a neighboring State.
